Visit Ireland on this customized medical program. Located off the north-western coast of the European mainland in Western Europe, you will have a chance to explore both Dublin and Cork. A place of gorgeous natural beauty and its equally charming locals, they have a dynamic cultural history and strong sense of community.

Focus on Veterinary & Human Healthcare

- The concept of **one health** brings together environmental, human health care, and animal husbandry to learn about the similarities between human and animal health. Veterinarians are interested in human health issues and this will provide a chance to see the similarities and differences.
- Meaningful interaction and collaboration between program participants and professionals in Ireland will include meetings with **local professionals in the public health arena and veterinary community**, as well as a chance to visit the **Dublin Zoo** and **Glenshane Farm** which is set high in the heart of the Sperrin Mountains and is a 4th generation family run sheep farm.

Focus on the Community & Culture

- Explore some of the iconic sites of Ireland, including **Guinness Storehouse**, **Cliffs of Moher**, and the **Titanic Belfast** exhibit.
- Visit **Merry Ploughboy Pub** where you can enjoy a farewell dinner and some traditional music.
- Enjoy walking tours through a variety of locations including the **Derry Walls**, the heart of this historic city, dating back to the seventeenth century. Your tour through Galway will start at Eyre Square and finish at the Claddagh.
- Visit the **Connacht Distillery**, the result of a dream shared by four men (three Americans and one Irishman) to bring single malt pot still Irish whiskey back to the West of Ireland after an absence of over 100 years.

Guest Program & Program Extension

- 7 night / 9-day journey through Ireland
- **Accompanying guest program** – *alternate activities will be provided for those who do not wish to attend the meetings.*
- Optional post-program **extension to Edinburgh, Scotland.**
