SPOTTED

LANTERNFLY

INFORMATIONAL

MEETING

The Mountain View Garden Club and Lackawanna and Susquehanna County Master Gardeners are sponsoring an informational meeting regarding the Spotted Lanternfly treat which is moving toward our area of Pennsylvania. This invasive, non-native species is a serious threat to the lives of fruit and other trees. The damage could be devastating and we all need to be informed and on the lookout!

7:00 Pm

Clifford Fire Hall

**Penn State's
Vincent Cotrone,
Urban Forester
will share his
expertise**

**Invite friends and
neighbors**

**Refreshments and
social time 6:45**
