WATERMELON SOUR BOMB

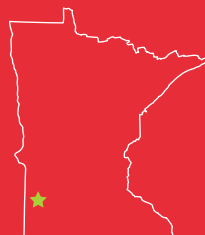

INFUSED WITH WATERMELON

TART WHEAT ALE

4.6% ALC/VOL

Tart • Tangy • Refreshing

The tart, tangy refreshing Sour Bomb receives an extra kick of watermelon. It is unlike any beer you've ever experienced using traditional souring methods to create a light, crisp mouthfeel with unmatched tartness with gushing watermelon sweetness. High carbonation creates an explosion of citrus fruit that is balanced by a bready wheat malt bill.
