### COMMANDER'S COMMENTS

By Clare Sullivan

We had a great March with lots of activities! And, as stated nearly every month, year in and year out, busy seems to be a common term for our "normal month!" We have been fortunate that things are running pretty smoothly and that allows us to do "business as usual" - that is, with the strange nearly snowless winter, and it looks like things are warming up, but we're still getting reminded that we live in Alaska! Please let it not be another "False Spring!" - 😊 We're getting into tourist season with more folks coming into town as the visitors' industry is gearing up, so welcome the new faces! Now, onto accounting for the month of March and what we are planning beyond.

This past month we celebrated the American Legion Birthday and Saint Patrick's Day in style with good food and fun Karaoke, thanks to our **KJ Suzi!**

As we closed out March, we had one last celebration for the month which was our new officer **Installation & Dinner**. We had a wonderful meal and then installed our officers for the 2025-2026 year. We look for some good things to happen in our new year

Saint Patrick's Day was well attended with lots of good friends, good food and good drink! 😊 That Irish Stew, corned beef and cabbage, Irish Soda Bread and Guinness Brownies were a sure crowd pleaser and memorable!!! It was also birthday day too with several of our members celebrating their special day and "the wearing o' the green!" Busy times with good folks!!

I want to thank Department Adjutant and PDC Sharon Cherrette who drove down from Anchorage to do our installation and share in some fun and good camaraderie with our American Legion Family. We took an innovative approach to getting all our organizations installed, and as crowded as it was, it was huge success and everyone was well fed too! 😊 I want to thank all our volunteers - whether in the kitchen, behind the bar or decorating, you make it happen as this post is your "post home" and we all benefit when we all pitch in. We do make it a "family affair!" You guys rock!!!!

And we started it off with the with the **National Ocean Science Bowl (NOSB) breakfasts**, and huge kudos to all those who got up so early to feed these many competitors at 0600 hours!!

Right after that weekend, we had our first wine tasting event and it was a huge success! Lots of great wines to taste and super yummy food pairings! Thanks to Connie Kullander who created the Charcuterie Board for us to pair with our wines... a good time had by all!!!!

## Post MEMBERSHIP Notes!

It is now April, and we are fully in the 2025 membership year.

"We're in the Hunt," and "danger close" to our membership goal, and for those of you have already renewed, **Thank You** for your renewal and your membership. If you haven't, please consider doing so as we're here to support you and all in our membership and our community. Your continued membership tells us we're heading in the right direction and you're happy with our support to our veterans and our community. We will strive to serve and where possible do more where we can.

If you have had one of our complementary meals whether during the holidays or during the week, or had a child who received a scholarship, or a neighbor who received help in times of need, please know we can only do this due to having a strong and active membership; and when you think about it, these kinds of support more than compensates annual dues. We, at Seward Post 5, are only as good as the strength of our members. With that strength, it permits us to reach out and help others. We really have a great organization and have a solid group of folks dedicated to our veterans and our community!

Thanks again to all who are members and those that volunteer at the post, or those who simply stop by to visit with friends and family. Whatever your participation, everything helps and is truly appreciated. Thanks!!!!

## City of Seward Comprehensive Plan Town Hall

Come provide your input on the direction of our town and what you would like to see in the years to come. Three opportunities to participate!

It's your town, make your voice heard! 😊

Not limited to only "in-City" residents. If you live in the "greater metropolitan area" you're included!!! 😊

April 22<sup>nd</sup> - 5:30 - 7:30 pm at K.M. Rae Building

April 23<sup>rd</sup> - 5:30 - 7:30 pm at Bear Creek Fire Department

April 24<sup>th</sup> - 5:30 - 7:30 pm at Seward High School

As we enter April, I'd like to Remind you each month the American Legion has programs that focus on veterans, their families, and the community for support and observance;

April is the **Children and Youth Month**, which also happens to be one of the Four Pillars of the American Legion on which we stand as a service organization. We have many ways to get involved from simply making donations to child welfare organizations to active involvement in school programs that help in the areas of children's education, safety and health. As we know our youth is our future, so we have an obligation to invest in our future for the benefit of all.

As April progresses, we will be forming our scholarship committees and will be reviewing the applications for scholarships from graduating seniors from Seward High School.

Each of our organizations provide scholarships to select students to further their education and to recognize their scholastic excellence as well as their community service efforts.

## April - Children and Youth Month

Children ... Our most precious natural resource is the American Legion's national theme for "**April Is Children & Youth Month.**"

As Americans, we need to remember amid the problems we face daily with the environment, crime, unemployment, inflation and financial uncertainty; the one constant that will make or break this nation is our young people. They are our future. Our hopes and dreams for a better tomorrow rest in their hands.

The American Legion has been actively involved with children's issues since the early 1920s. In many instances, the American Legion has been the driving force on the federal, state and local levels representing their interests and voicing their concerns.

Each year Members of The American Legion Americanism Commission's Committee on Children & Youth have been entrusted with the responsibility of upholding the fourth pillar - the one that braces our nation's veterans by caring for their children, and our nation's children.

The purpose of the committee is to formulate, recommend and implement plans, programs and activities designed to:

- Assure care and protection for the children of veterans.
- Improve conditions for all children and youth, with due concern for maintaining the integrity of the family home.
- Prevent social and physical ills of children and youth where possible.
- Maintain a balanced program that provides for their physical, emotional, intellectual and spiritual needs.

## Sounding Off from the Sons...

By Mike Calhoon

Hello from the Second Vice and Adjutant,

Great to see the change of seasons happening and we are hoping for a great Spring season.

Thank you to everyone who dedicated time and effort towards our March activities. We could not accomplish what we do without the great volunteers. Whether you volunteer often or just occasionally, we truly appreciate it.

This month we have the ALR breakfast on April 12<sup>th</sup> and the Easter/community breakfast on April 20<sup>th</sup>. We will let you know if other activities come up. If you would like to help with any of these functions, please let us know.

Officer elections were held last month for each of the Post 5 family organizations. The officers were installed on March 29<sup>th</sup>, and we had a great Prime Rib dinner to celebrate the occasion. A big Thank You goes to Clare Sullivan, Connie Kullander, Sharon Dillon, Carol Souza, and Dawn Ernst for decorating, cooking, serving and cleaning up for that event. Also, thanks go to Carol Souza and Travis Coles for the great gifts and Debbie VanTassel for the room basket. Great help for a great event.

We will have another raffle starting soon so watch for the announcement on that.

I would like to ask everyone to be considerate of others when you come to enjoy the food here. We provide these meals as a benefit to our membership and would like to see as many members have had the opportunity to eat as possible. Please limit yourselves to one helping until it is apparent that most folks, who want to, have eaten. Thank you for your consideration.

We are very close to reaching our membership goal for 2025. If you have not done so, please consider renewing your membership. ### *Children and Youth Programs Con't from pg 3*

In the years after the American Legion's founding, members realized that neglect of family and child welfare problems affected disabled veterans' rehabilitation. Following a year of careful study, the organization adopted the American Legion Child Welfare program in 1924.

Established a year later, in 1925, the American Legion National Child Welfare Division put forward the "*Whole Child*" Plan, stating that the child of every veteran "should have a home ... health, education, character, and opportunity." The three principles found in Resolution No. 199 (Fall 1951) titled, "Re-Emphasize Three Major Principles of Child Welfare Programs of The American Legion," are:

- ✦ **Strengthen the family unit against the forces of a more complex society.** The American Legion recognizes that the optimal environment for children is at home with his or her own parents. Our efforts have always been directed toward keeping the family together.
- ✦ **Extend support to sound organizations and facilities that provide services for children and youth.** The American Legion always acts in a supplementary capacity rather than duplicating the efforts of existing agencies.
- ✦ **Maintain a well-rounded program that meets the needs of today's young people.** This third principle provides elasticity to address all matters of child health and child welfare; and affirms The American Legion's commitment to all children.

While these principles are the heart of the "Whole Child" Plan, four methods are the muscle: **Education, Legislation, Material Aid and Prevention.** Further information can be found in the Children and Youth Department Program Guide.

In 1938, April was formally designated as Child Welfare Month (now called Children & Youth Month) and has continued on an annual basis.

Over the decades, the development of new and improved public programs to provide economic security for children has made it possible for the Legion to focus on other problem areas. To date, no area of child welfare has gone untouched by the collective hand of The American Legion. The very program of Children & Youth itself is unique from any agency, governmental or private, in its ability to expand from every area of concern for child welfare and health.

**Temporary Financial Assistance** - Through TFA, an American Legion post can call upon the national organization for cash assistance to help maintain the basic needs of children of active-duty servicemembers or American Legion members. Non-

repayable grants are awarded to eligible families with a child in need when all other resources have been exhausted.

**Child Safety** - The American Legion's Committee on Children & Youth believes that child safety is everyone's concern. Prevention through education remains the best way to keep children safe. To promote child safety, The American Legion publishes several useful brochures to educate children and parents and supports numerous national initiatives to keep children safe. Areas covered include: Child pornography • Drug abuse prevention • Drug trafficking • Alcohol abuse prevention • Child/sexual abuse and neglect • Teen suicide prevention

**Child Health** - the American Legion Child Health efforts on encouraging families to ensure children and youth are current with necessary vaccines and health concerns including: • Immunization programs • School nutrition programs • Teen pregnancy prevention programs

**Family Support** - The American Legion recognizes that families of active-duty and deployed military personnel face unique difficulties and hardships. With the help of the Family Support Network, these families do not have to shoulder this burden alone. They can connect with American Legion Family members by requesting assistance through the nationwide toll-free number or electronic application. Legionnaires at the post level then provide assistance such as performing minor household chores and repairs, completing a Temporary Financial Assistance application and connecting the family with local programs, this program which includes TFA focuses on the total family of active-duty military member and includes: National Family Week activities • Day care safety • Foster care • Missing and Exploited Children Awareness

**Child Well-Being Foundation** - The American Legion Child Well-Being Foundation (formerly called the Child Welfare Foundation) accomplishes their goals each year by awarding grants to nonprofit youth-serving organizations for disseminating information that conforms to the foundation's purpose. Since 1954, more than \$17 million has been granted to help deserving organizations produce and distribute current and valuable information.

**Veterans and Children Foundation** - The purpose is twofold: to fund service officer training and provide free assistance for disabled veterans and to extend a financial safety net for needy military and veteran families with children.
