What is with the [foody](#) element in this newsletter?

***I was told to do what I want for this first time - 2nd edition of the newsletter, while we are figuring out a name. One thing I love about Windhaven is the connection to food and hospitality - hence the customary phrase, "Welcome to Windhaven, have you eaten yet?" Perpetual Stew was a name I came up with because of the historical connection and it kind of fit. I am looking at different options for changing the theme in the future based on what is decided for the name.***

## Let's Spice Things Up Name Change

Here are a list of names that have been submitted so far. Some things to think about for this discussion:

- Many said it would be nice to have the initials stay the same V.I. to make it easier, do you agree? Is this a chance to revamp it all together?
- Since there will be two parts to the V.I., what could we name the 2nd part to pair it nicely with the main V.I.?
