

## Pillsbury-Free Church Pledge

We, the justice-seeking congregation at \_\_\_\_\_ Church, call for the General Mills/Pillsbury plant, owned and operated by the Israeli company Shalgal Ltd. in the Atarot Industrial Settlement, to stop producing Pillsbury products at this site.

This factory is located on occupied Palestinian land in a settlement area that is illegal under international law.

Until Pillsbury products are not longer produced at this factory, we pledge to:

1. Boycott all Pillsbury products, and
2. Participate in actions to promote this boycott.
