### DISCIPLINE PROCEDURES

For the benefit of all participants, there may be situations that require some form of disciplinary action taken by Camp RAD. While most of this discipline is minor (sit out of an activity), it is possible that additional discipline may be warranted. In these cases, campers may be suspended from the program for a period of one day or more. If problem(s) continue, campers may be expelled from the program and forfeit all payments for the season.

If a camper interferes with the proper and/or safe function of the program, we will notify the parents of the situation and ask for the parents' help in resolving the problem. In many instances, making the parent aware of the situation will correct any problems.

We will not tolerate vandalism, fighting, foul language, bullying or troublesome and unsafe behavior. Additionally, any campers found to be abusing others personal property or rummaging through other's belongings will be suspended and/or expelled from the program. No weapons of any kind are allowed in the program.

All disciplinary actions will be recorded on our Disciplinary Report form. Parents or Guardians are responsible for paying for any damages or repairs caused by participants.

#### Steps for Disciplinary Action:

In an effort to better acquaint the participants and parents of our discipline procedures, Camp RAD is providing our policy for dealing with disciplinary concerns during our camp program. On the first day of the program our leaders will establish site rules. We review these rules with all campers and ask them to acknowledge that they understand our rules and boundaries. We stress to each of our leaders to be fair to all parties involved, listen to all sides, make the discipline fit the offense, and do not pre-determine an individual's guilt based on previous behavior or other circumstances.

Disciplinary actions will be taken in this order...

#### **Step 1: Verbal Warning**

- Staff will inform the camper that behavior was not appropriate and redirect them to our behavioral agreement.

#### **Step 2: Time-Out**

- Staff will make the child aware that he/she have crossed a defined boundary, have them acknowledge their wrong-doing; explain why they need to sit out of an activity for a brief period of time. He/she will be given time to self-calm or alternative activity until ready to return to scheduled activities with their group.

#### **Step 3: Discipline Report Sent Home / Parental Notification**

- If the behavior persists, our Senior Counselor will report the child to the Supervisor/Director and a discipline report will be recorded. The Supervisor/Director then notifies the parents that a discipline report is being sent home. A parent needs to sign the form and return it to the Supervisor/Director that same day or the next day. The Supervisor/Director also copies the signed form.

#### **Step 4: Parental Meeting / Behavior Contract**

- If the behavior persists, the Director will contact the parents. The parents are asked to meet with the Supervisor, Senior Counselor and Director. Meetings will be scheduled during regular operation hours. Behavior issues will be discussed, resolutions will be determined, and a behavior contract will be created and signed by the child, parent, and Director.

#### **Step 5: Program Suspension / Expulsion**

- If the behavior persists, Camp RAD reserves the right to suspend the child for a period or to expel the child pending severity. If a child is expelled all fees paid are forfeited. Camp RAD reserves the right to skip steps should the situation warrant.
