And it came to pass, that, when Elisabeth heard the salutation of Mary, the babe leaped in her womb; and Elisabeth was filled with the Holy Ghost: (Luke 1:41).

Many times a child is conceived when the mother preferred it not to be. Today she has the liberty to surgically abort it. Abortion has become a form of

birth control, especially when it is available at no cost without a parent's consent. Yet the Bible clearly states that the life in the womb is a separate life, a separate and whole person with a soul and not just an organ that can be severed much like an appendix. There is an option to abortion, chiefly to put the child up for adoption.

If a mother can not bring herself to love the conception in her womb as a separate complete life, the **Holy Spirit** will help her. The Holy Spirit is God dwelling within us, and we are given the Holy Spirit when we are born again. We are born the first time as an infant physically, but we are born in sin: *Behold, I was shapen in iniquity; and in sin did my mother conceive me* (Psalm 51:5). The sin we carry all of our lives brings the punishment of death (Romans 6:23a), even though Adam and Eve were created to live forever. It was their sin that brought death to us all, and we likewise are sinners. Since God can not allow sin into heaven, our soul will go to hell after we die (a second death) to burn forever (Revelation 20:15), although an infant goes to heaven. We can not escape this on our own, that is why Jesus died on the cross. The blood he shed pays the penalty for our sin, and all we have to do is **ask him to save us from hell**: *For whosoever shall call upon the name of the Lord shall be saved* (Romans 10:13). Once Jesus saves us we are born again spiritually and receive the Holy Ghost which can miraculously change our lives and give us a love we fail to have. Please say the prayer on the reverse, believing in Jesus with all your heart, and accept Jesus as your savior. Do not let civil law convince you that abortion is okay.
