BLACK HAWK COMPOUNDS

CHIEF SCOUT—B-01

Black Hawk's top of the line. Unbelievable laminated beauty!! The Black Hawk craftsmen have gone all out to build the finest compound yet. The handle section is made by laminating contrasting hard woods for unparalleled beauty and strength. Limbs are made of the finest fiberglass available and rock maple laminations. Built and engineered for the discriminating archer.

Specifications

1. Heavy duty hunter's rest.
2. 44" axle to axle, 47 1/4" overall.
3. 38" string length.
4. Standard draw length 27-30".
5. Weight, 2 lb. 9 oz.
6. Packed one bow per carton.
7. Shipping weight, approx. 4 lbs.

Optional Equipment

1. Factory mounted hunt sight.
2. Factory mounted bow quiver.
3. Small pulley to accommodate 26" draw or large pulley to accommodate 31" draw.
4. Plunger package includes flip rest and mounted cushion plunger.

NEPTUNE—B-02

A longer version of our popular Jupiter. A longer magnesium riser but with the same limbs employed in the Jupiter gives Black Hawk a top performer with less finger pinch than the shorter compounds. A real pleasure to shoot.

Specifications

1. Heavy duty hunter's rest.
2. 44" axle to axle 48" overall.
3. 38" string.
4. Standard draw length 27"—31".
5. Drilled and tapped for Black Hawk bow sight, bow quiver and stabilizer.
6. Weight 3 1/2#.
7. Packed one bow per carton.
8. Shipping weight approximately 5#.
9. Factory installed leather grip.
10. Weight adjustable from 45# - 65#.

Optional Equipment

1. Factory mounted hunt sight.
2. Factory mounted bow quiver.
3. Plunger package, includes flip rest, and mounted cushion plunger.

JUPITER—B-0

An extremely fast shooting "two wheeler" compound that is an eye catching beauty! Handle section is a cast magnesium alloy. Limbs are hard rock maple laminations and Gordon Bo-Tuff fiberglass.

Specifications

1. Heavy duty hunter's rest.
2. 40 3/4" axle to axle, 44" overall.
3. 35" string length.
4. Standard draw length 27-31".
5. Drilled and tapped for Black Hawk Bow sight, Bow Quiver and stabilizer.
6. Weight 3#.
7. Packed one bow per carton.
8. Shipping weight approx. 4#.
9. Factory installed leather grip.
10. Weight adjustable from 45# - 65#.

Optional Equipment

1. Factory mounted hunt sight.
2. Factory mounted bow quiver.
3. Plunger package, includes Flip rest, and mounted cushion plunger.

CHIEF SCOUT

NEW!
NEPTUNE

JUPITER

BLACK HAWK COMPOUNDS

SATURN—B-3

This is it! The bow every hunter's been waiting for. The compound that brings the bow back to the hunter. The Saturn relaxes almost 50%, measures only 40 3/4" axle to axle, is made with a laminated exotic hard wood handle and weighs 2 1/2 lbs. The bow must be seen and drawn to be believed.

Specifications

1. Heavy duty hunter's rest.
2. 40 3/4" axle to axle, 44" overall.
3. Standard draw length 27" - 30".
4. Weight, 2 lb. 8 oz.
5. 35" string length.
6. Packed one bow per carton.
7. Shipping weight, approx. 3 1/2 lbs.

Optional Equipment

1. Factory mounted hunt sight.
2. Factory mounted bow quiver.
3. Small pulley to accommodate 26" draw or large pulley to accommodate 31" draw.
4. Plunger package, includes Flip rest and mounted cushion plunger.

WARRIOR—B-4

Black Hawk's economy priced "two wheeler" is not economy conscious when it comes to performance. Light, reliable and rugged describes this beauty. Handle section is made of laminated 4/4 oak for strength and beauty. Limbs are Gordon Bo-Tuff laminated to hard rock maple cores.

Specifications

1. Heavy duty hunter's rest.
2. 40 3/4" axle to axle, 44" overall.
3. Standard draw length 27" - 30".
4. Weight, 1 lb. 12 oz.
5. 35" string length.
6. Packed one bow per carton.
7. Shipping weight, approx. 3 lbs.

Optional Equipment

1. Factory mounted hunt sight.
2. Factory mounted bow quiver.
3. Small pulley to accommodate 26" draw or large pulley to accommodate 31" draw.
4. Plunger package, includes Flip rest and mounted cushion plunger.

OUTLAW—B-8

Black Hawk has another first. The first true young archers compound. The handle section is made from exotic hardwoods and given an outstanding finish. The limbs are fiberglass and hard rock maple laminated as in bows priced hundreds of dollars higher. An ideal birthday or Christmas gift.

Specifications

1. 30 1/4" axle to axle, 34" overall.
2. String length 24".
3. Draw length 22" - 26".
4. Weight 1 lb. 4 oz.
5. Packed 2 bows per box.
6. Shipping weight approximately 4 lb. per box.

BLACK HAWK RECURVES

NEW APOLLO PLUTO SHORT BEE

APOLLO—B-1

New for 1978 is the magnesium handled Black Hawk Apollo. A fast, light recurve, the Apollo will out perform most recurves and yet is economy priced. Price, performance and dependability will make the Apollo popular on the target range.

Specifications

1. Bow length 69".
2. String length 64".
3. Approximately 8" fistmele.
4. Approximate shipping weight 5#.
5. Packed one per box.

PLUTO—B-9

The 66" version of Black Hawk's Apollo. A magnesium handled beauty. A light flat shooting target recurve for the archery purist. Comes equipped with Hoyt pro rest and leather grip cover.

Specifications

1. Box length 66".
2. String length 60".
3. Approximately 8" fistmele.
4. Approximate shipping weight 4#.
5. Packed one per box.

SHORT BEE—B6

The great Black Hawk Standby. A fine mid-length bow used by beginners and experts alike. The stable limb design and dark hardwoods combined with a rich finish make this one of Black Hawks all-time favorites. Comes equipped with heavy duty hunter's rest for quiet shooting.

Specifications

1. Bow length 60", 62".
2. String length 56", 58".
3. Fistmele 8".
4. Approx. shipping weight 2 1/2#.
5. Packed one bow per carton.

AVENGER FIREBOLT WASP

AVENGER—B13

A beautiful compact hunting bow designed strictly for the hunter. The handle is made of dark hardwoods highlighted by maple laminations. Limbs have been redesigned for vastly improved performance.

Specifications

1. Bow length 52".
2. String length 48".
3. Approx. Fistmele 7".
4. Approx. shipping weight 2 1/2#.
5. Packed one bow per carton.

FIREBOLT—B7

A relatively new member of the family of Black Hawk bows. The name implies the performance. The handle section is of dark hardwoods with a true center shot. It has a working recurve and its compact length makes it ideal for hunting or bow fishing. Also excellent for schools or camps. A lot of bow for the money. Comes with heavy duty hunter's rest.

Specifications

1. Bow length 56".
2. String length 52".
3. Approx. Fistmele 7".
4. Approx. shipping weight 5#.
5. Packed two bows to a carton.

WASP—B-14

The Black Hawk Wasp, the young beginning archers standard for over 15 years is back once again. One of the only laminated bows designed for young archers with a modest price tag. Why get your young archer anything less.

Specifications

1. Box length 54".
2. String length 50".
3. Approximately 7" fistmele.
4. Approximately 5 lb. shipping weight.
5. Packed 2 bows per carton.

BLACK HAWK BOW SETS

A Black Hawk Bow set is a low cost introduction to target shooting and backyard fun. The bows can also be purchased separately.

B14S—BLACK HAWK WASP ARCHERY SET

An eye-catching beautiful complete archery set for children from 5 to 10 years of age. Consisting of our famous Wasp bow, 3 target arrows, one leather finger tab, one leather armguard, one quiver, and one colorful paper target face. Weights from 15# to 35#. Sets come packaged in master carton of 6 units. Approx. shipping weight of 6 unit carton, 16#. We will ship assorted weights unless specific weights are requested on orders.

B15S—KIWI SET

Set consists of fiberglass bow with dacron string, 3 cedar target arrows, belt quiver, armguard, shooting tab and full color target face. Bow length: 60". Weights: 20# - 45#. A perfect bow for the beginning target or hunting archer.

6 sets per carton.

B16S—BEETLE SET

Set consists of 56" fiberglass bow with dacron string, 3 cedar target arrows, belt quiver, armguard, shooting tab and full color target face. Weights: 20# - 40#. Another fine beginner's bow of a more compact design.

6 sets per carton.

B17S—BLACK HAWK MOSQUITO ARCHERY SET

Consists of fiberglass bow with dacron string, 3 cedar target arrows, belt quiver, shooting tab, and full color target face. Bow length: 48". Draw weight: 25#.

6 sets per carton.

B18S BLACK HAWK FLEA ARCHERY SET

Consists of a fiberglass bow with dacron string, 3 cedar target arrows, belt quiver, shooting tab, and full color target face. Bow length: 42". Draw weights: 18#.

6 sets per carton.

BLACK HAWK STRINGS

STRINGS

SLBS—Single loop polyester for solid fiberglass bows. 72" long.

KGS12—Single loop hemp string for solid fiberglass bows. 72" long.

DBS—Dacron bowstring for all bows. Specify length and bow weight.

WBS—Woven braided string for all bows 50# and under.

ESR—String rack for displaying strings to customer. Keeps strings neat and in order.

MDS—String merchandiser. Contains rack and 90 assorted DBS dacron bow strings choose your own lengths or Blackhawk will give a good assortment.

Merchandiser racks #1 and #2—Blackhawk has changed the merchandise on the racks to help improve sales. All items are fast movers and used by virtually all archers. They will make a beautiful display and give every dealer a wide variety of accessories to keep his customers coming back to the dealer who has what he needs.

BLACK HAWK ARROWS

GR600 Series — Black Hawks hunter grade graphite provides the light weight of aluminum with the durability of fiberglass. All graphite arrows come with pro type nocks and plastic vanes. Graphite arrows come packed in 1/2 doz., 1 doz., and 6 doz. packs.

A975 Series — Black Hawk's XX75 Easton tubed arrow. Acclaimed as the toughest aluminum hunting arrow ever made. The ultimate in precision straightness. Plastic vanes and pro type nock standard. A975 arrows come packed in 1/2 doz., 1 doz., and 6 doz. packs.

A910 — An economy priced aluminum arrow that comes with pro type nock, plastic vanes, and converta field points. Comes packed in dozens, 6 dozen or 12 dozen packs.

A980R — 6 dozen pack of Game Getter Aluminum Arrows with 5" plastic fletch, pro type nock, and converta field point.

G700 Series—The Blackhawk glass series of arrows. Advantages of glass included resistance to bend, weatherproof, and very fast arrow flight. Arrows are packed in 1/2 dozen and 1 dozen boxes. All glass arrows are made with professional type nocks. Shipped in masters of six packages. Available with target, field, or hunting points.

G980R — 6 dozen pack of fiberglass arrows with 5" plastic fletch pro type nock and converta field point.

A970 SERIES

Black Hawk's Flu Flu's for birds and small game. Made from #2 port orford cedar shafts fully painted and hand crested. Comes with 6 fletchings rather than one wrap around fletch as most other flu flu's do. Comes with 125 grain field or blunt point. Shaft size is 11/32". Available in dozen packs. State length when ordering.

A925 SERIES

An economy priced arrow that is high in quality. Randomly selected from quality port orford cedar shafts, the A925's are fully painted and crested. Available with target, field, or hunting points. Packed 1 doz. or 1/2 doz. to a box. Shipped 6 boxes to a master.

A930 SERIES

A quality field arrow packed in gross or half gross boxes. Uses 11/32 shafts. The A930's are fully painted and crested and spined for bows 40# or under. Length 28" unless otherwise specified and comes with 4" fletch.

A950 SERIES

Black Hawk's school arrow. A quality target arrow available in gross, 1/2 gross or dozen packs. Nock cock and crest are matched. Fully painted shaft with 11/32 diameter and 3" fletch. Lengths-assorted 26", 27" and 28" unless otherwise specified. For bows 40# or under.

A960 SERIES

Black Hawk's economy target arrow. Shafts are fully painted with 5/16 diameter. Available in gross or 1/2 gross boxes. Lengths are 24", 26", and 28" unless otherwise specified and fletching length is 2 1/2". For bows 35# or under.

A900 SERIES

This is Blackhawk's aluminum series of arrows. Advantages of aluminum include speed of flight and straightness of shaft. All aluminum arrows are made with Easton shafts and professional type nocks. Aluminum arrows are packed in 1/2 dozen and one dozen packs. They are shipped in masters of six packages available with target, field, or hunting points.

A920G — An economy priced cedar arrow for the beginner. One piece plastic feathers for durability, comes in 12 dozen pack. Length 24-26-28" unless otherwise specified.

A940 Series—Blackhawk's economy hunting and plunking arrow. Packed in dozens. It is a two-bladed hunting arrow, spined for bows 40#—55#.

All Black Hawk arrows have their points knurled or ferrule cemented on the shaft. Crimping the points is easier and cheaper but that's not our goal.

BLACK HAWK QUIVERS

605—Belt side quiver with pocket and a clip to attach to belt. Made of fine leather for a lifetime of beauty and performance. Also available in vinyl for the economy minded archer. Vinyl code—605P

606—Pistol type quiver with pocket for access. Another beautiful but rugged leather quiver. The 606 is also available in vinyl. Vinyl code-606P

685-P—Two compartment shoulder quiver, with large zipper fastened, accessory compartment.

610-C—Camouflaged heavy duty shoulder quiver, with large zipper fastened, accessory compartment.

600-P—An ideal belt quiver that will hold at least 6 arrows.

650-P—An ideal child's belt quiver, richly trimmed.

670-P—Side quiver with clip to attach to belt.

BHPQ—Pocket quiver with access pocket.

BLACK HAWK TABS & GLOVES

TABS

When ordering tabs, order small, large, right or left hand.

550—Finger Tab—Soft Cowhide finger tab. Available: large and small right hand or left hand.

552—Finger Tab—All leather double tab with elastic finger strap.

KP-100—Kant Pinch leather tab. Snap on tab with replaceable leather facing.

KP-300—Kantpinch hair tab. Snap-on tab with replaceable hair facing (not illustrated).

510—Leather back with open vinyl tips.

520—Open, soft cowhide tips with elastic insert in back.

520C—Same soft cowhide tips except camo back with elastic insert.

530—Closed end styled with soft cowhide tips. Elastic insert keeps glove back smooth, and finger stalls snug. Relieves wrist-strap tension.

BLACK HAWK ARMGUARDS

300-K—Leather guard with Arrabuk lining. Elastic band with hook. A quality child's armguard.

301—Semi narrow tapered design made of Kip leather.

310—Full length, wide, with one-inch stay for full protection.

320C—Hunting Armguard—Holds bulky hunting clothing out of the way for fast silent shooting. Flexes at elbow. Heavy duty camouflage vinyl laminated to an Autumn brown twill lining. Sueded cowhide lining. 1" wide full length spring steel stay. Adjustable elastic straps. 7" length.

330—Ventilated Armguard—Full protection yet cool and comfortable. 3 steel stays to hold shape for years of use.

325C—Camouflage Armguard—Holds bulky clothing out of the way for fast silent shooting. Heavy duty camouflage vinyl with a reinforced twill backing. Sueded leather lining. Steel center for rigidity and protection. Adjustable elastic straps. 13" length.

BLACK HAWK BOW CASES, SLING SHOT, FLETCHINGS

B701—Bow Case—Beautiful cotton flannel bow case. Leather trimmed with leather ties. 8" wide - lengths 66" and 72".

B-702—Bow Case—Deluxe bow case that will fit all tournament bows, made of weatherproof vinyl, flannel lined with inside pocket for accessories, 36" zipper, center leather handle grip.

B703—Compound Case—Deluxe case for compound bows. Made with the same construction as B702.

10-S—Blackhawk Sling-Shot—A beautiful hunting sling-shot. Hits with the power of a rifle. An ideal, inexpensive weapon for hunting small game such as rabbits and squirrels, or to dispose of vermin. Packed and loaded with excitement and thrills, a must for added gameroom thrills. Sling-shot has reservoir in handle for storage of shot. Pellets released by twisting knob at bottom of handle.

Sling-shot Assembly—packed one on card fully assembled and loaded.

RA—Rubber Assembly—2 rubbers and pouch assembled. 12 per card.

SR—Sling-shot Rubbers—One pair per package—12 per card.

SP—Pellets—40 shot package. 12 per card.

Plastic Vanes—An absolute must for the serious hunter. Completely waterproof. Increases arrow speed and resists side winds. Packed in dozens.

Feathers—Top quality die-cut turkey feathers. Available in 5", 4", and 2½" lengths. In white and dyed white colors. Packed in dozens.

BLACK HAWK BOW FISHING EQUIPMENT

Firebolt Fish Set—FFS—Perfect out fit for the beginner or experienced bow fisherman. Everything needed for a successful fishing trip. Set includes powerful firebolt bow, bow reel, fiberglass fish arrow with detachable point and fish line.

FRS—An economical fish reel easily attached to your bow with tape, made of plastic comes equipped with heavy test fish line.

FAA—Famous Blackhawk solid Aluminum Fish Arrow, equipped with Blackhawk steel removable fish point; arrow heavy enough for deep penetration in water without planing. Arrow may bend—is easily straightened—will not break.

FRL—A large fishing reel easily attached to your bow by taping the metal straps of the reel to the bow. Reel is approximately 5" in diameter, made to sight and shoot thru the reel at the fish—almost impossible to miss. Reel is made of tough plastic with built-in clip to hold line prior to shooting.

FSA—Blackhawk economical bow fish set consists of small plastic fish reel with line, aluminum fish arrow.

FSG—Same as FSA except glass fish arrow instead of aluminum.

FAG—Blackhawk's new glass arrow, equipped with Blackhawk steel fish point. Durable, practically indestructible.

FP1—Blackhawk Fish Point. Made of the finest steel, head is in three (3) parts—steel ferrule, head and barb. Head screws on to ferrule for easy removal of arrow after shooting fish. Ferrule available to fit shafts from 5/16" I.D. to 11/32" I.D. Head fits on all ferrules. Cadmium plated.

BLACK HAWK POINTS

Bear Razorheads® BRH

A four-blade, razor-sharp broadhead acclaimed as the most lethal hunting head ever developed. Two precision-made blades combined. The main blade of mill-tempered spring steel is silver brazed to a one-piece steel ferrule and is long-bevel ground and honed to extreme sharpness. An easily replaceable, lightweight auxiliary blade of razor steel, completes the four edge broadhead.

Sherwin Satellite—A razor sharp 4-blade hunting point with hardened steel tip to eliminate point curling on bone. **SSC-3**

HILBRE—Razor sharp four-blade hunting point. **HIL**

STBP

STFP

Blackhawk Standard Tapered Blunt or Field—made of finest steel cadmium plated.

11/32 I.D.—3/8 O.D.
Approx. 125 grain
5/16 I.D.—11/21 O.D.
Approx. 100 grain

CFP PARALLEL FIELD POINT
FOR 11/32" Shafts

CTP PARALLEL TAG POINT
FOR 5/16 Shafts

AFP

ABA

Adapta Field Points & Adapta Broadhead Adapters—Fit any make converta shafts. Field points weight approx. 125 grains.

ASA

Adapta Shaft Inserts—Inserts for converting glass or aluminum into adapta point arrows. Specify size and make of shaft when ordering.

ATP—Aluminum Target Points—long insert. Specify shaft size.

BLACK HAWK BOW QUIVERS, BOW STRINGERS, ARROW & STRING MAKING AIDS

Black Hawk Bowstringer—Only sure way to string bow with no fear of limb damage. A must for all archers. A110

CBS—Compound Bow Stringer—Makes stringing any compound bow an easy job. A must for compound bow owners.

BHBow Hanger—Each bow rack will support four (4) bows, easily installed for home use.

Packed in polyethylene clear bag containing instructions, rack and 3 wood screws.

SS3—Black Hawk Server. Finest server for serving bow strings on the market. Made of tough durable plastic. Easy to use, simple adjustments for positive serving. (Directions with each server.) Poly tagged.

SS—Serving Spools, extra large spools. Available in assorted colors.

MW—Black Hawk Fletching Cement—Tops in fletching cement, unexcelled for glueing feathers and nocks to shafts and for the making of arrows (12 to carton). For aluminum, glass and wood.

BHFC—Black Hawk Ferrule Cement—Tops in hot melt adhesive. Unexcelled for application of points on arrows and for fishing tackle. 12 sticks to card.

BSW—Blackhawk Bow String Wax—Made from Carnuba and improved Beeswax. This is the finest wax on the market today. Blackhawk wax can also be used to dull the finish of your bow and is easily removed with a towel. Contains absolutely no paraffin as do the less expensive waxes.

BHB4—Black Hawk Feather Burner. A burner designed for the home draftsman and for home repairs. Completely safe. Does not have transformer. In place of transformer, plug in an electric iron or other appliance in plug shown in base. This will reduce current to the burning wire. Will not work unless appliance is plugged in, receptacle. Partially assembled with complete instruction sheet.

GK-1—Kwikkee Kwliver—Deluxe model only.

- Holds four arrows on any bow.
- No screws, clamps or tape.
- Weighs only 1 1/4" oz. per pair.

BHTT4—Famous Black Hawk Tapering Tool. This tool acclaimed by all as the finest tapering tool on the market, designed to fit all points and nocks. Included are four bushings which have tapered sleeves that fit in a tapered hole of the main tool. Bushings are 1/4", 9/32", 5/16", and 11/32" and are slightly oversized to permit clearance of oversized shafts or painted shafts. Blade for cutting is a used injector-type razor blade, available at any drug store. (Directions and descriptive literature with each tool.) Complete tool containing six parts.

BHBQ—Blackhawk Bow Quiver—A hooded bow quiver that holds 6 arrows comfortably, quietly, and safely. Absolutely none finer anywhere at any price.

GK—Kwikkee Kover Broadhead Shield—Molded from tough, super high impact Cyclocac thermo setting plastic. Featherweight. Attaches to spare arrow in any model KWIKII KWIVER.

BLACK HAWK ARROW RESTS & BOWSTRING ATTACHMENTS

B800—Nok Loks—A good nocking point made from 2 beads of rubber. The use of 2 or 3 sets allows archer to shoot without a glove. Easily installed.

HDH—Heavy duty hunter rest will give quiet long lasting weatherproof performance. It was designed with compound bows in mind.

NR-12—Nok Rites—Nok Rite is a positive nocking point that allows shooting without a glove or tab. Easily installed, instructions enclosed.

Super-B—Black Hawk Brush Buttons—For brush proofing bow when stalking in woods and dampening string noise. Fit all bows. Packed 12 packs to easel. Comes in two sizes. Super and standard.

HPR—Hoyt Pro Rest—Interference-free springy plastic. Pressure-sensitive mount. Shelf springs away as arrow passes. Pressure plate controls spine action...positively clears vanes.

NG—No Glove—Another positive nocking point made from durable rubber. Finger positions are contoured for perfect fit.

HFE—Hoyt Flex Rest—An excellent weatherproof rest for adding speed to arrow flight. Pressure sensitive mount.

PSNP—Plastic String Nock Point. Heat shrinks nock securely onto string. Gives archer correct nocking point instantly. Neat and efficient.

FR—Flip Rest. Acclaimed to allow fastest arrow flight of any rest on the market today. Hole for plunger.

GK-S—Kwikkee Silencer Bowstring Attachment—Dampens bowstring noise by deadening vibration nodes at points where they develop in the string. Deer will not flinch or "duck" at sound of string "twang." Will not locate hunter from sound. Packed 1 dozen pair in plastic bags on attractive counter display card.

PS-12—Peep Sight
A rear sight, easily inserted in strands of bow string. Insert at eye level when at full draw. Increases accuracy. Improves score.

KB-12—Kisser Button
Used by tournament archers. Increases accuracy of anchor and adds points to score. Installs easily on string serving. Practically indestructible. Increases shooting consistency of hunters.

NS Nok-Set—A positive nocking point everytime. Anodized gold aluminum ring with rubber sleeve clamps onto bowstring and stays put. Envelope of 5.

BLACK HAWK NOCKS, CAMO EQUIPMENT & BOW HUNTING AIDS

Sex Driving Deer Lure—By Bob Kirshner—Lure field tested during Pennsylvania's 1975 Bow Season. Attracted 17 Bucks (5 in one morning) And 52 Doe. Deer come very close when using my Sex Driving Lure during or before the rutting season. Recommend the hunter get up off the ground a minimum of 10 feet. After 15 years of experimenting, the ingredients have been finalized for your success. A complete field test report with every order plus Detailed instructions. Believe me, it works!

BOS—Bow Square—Determine brace height, mark it on tape. Use different color pencils if you have more than one bow. Same marking tape principle on nocking point, klsser and peep location.

AN-12—Nocks—Made of finest plastic available, designed to eliminate finger pinch, indexed for ease of nocking correctly. Available in 5 colors—white, yellow, red, green and black. Available in 100 pack.

B-704—Compound Bow Covers. Same as B-705 except fastens on limbs with velcro. Eliminates problem of camo bow covers for compound owners.

B-705 Camouflage bow cover. Fits upper and lower limbs. Eliminates reflection off bos.

CATA—Black Hawk Camouflage Bow Tape. A completely camouflage designed bow tape with pressure adhesive backing for ease of application on all bows; Ideal for quick camouflaging of bows during hunting. (Directions with each roll.)

Hunter Accessory Pouch No. 800V—The perfect pouch for holding all necessary hunting accessories. Plenty of room for Bow string wax, Buck Lure, an extra string, etc. Made from expanded vinyl with zipper closure and a loop for hanging on belt.

WPA—Black Hawk Waterproofing (Aerosol)—Spray dispenser waterproofing for arrows, for fisherman's files. The finest arrow waterproofing available. Easy to use, economical—just press button, direct to feathers and a fine mist positively waterproofs your arrow. Packed 1 doz. cans to carton.

BAKER SAFETY STAND

1. Lets you lean away from the tree to make those difficult shots, with security and comfort.
2. Tested to 3,000 lbs.
3. One loop around you and one around the tree.
4. Non slip loops that will not tighten on you if you fall.

BAKER FOLD DOWN SEAT

Specifications:

1. Fits BAKER TREE STAND and SLIM JIM STAND.
2. Offers comfortable seat.
3. Leans back against tree when you stand up.
4. Folds down on platform when climbing, away from foot straps.
5. Drill holes 9" from tree end of side rails for installation.
6. All hardware included.

45 RANGER Adjustable Hunting Cap (Baseball Style)

RANGER camouflage pattern baseball-style hunting cap. Adjustable to any size. Washable, color-fast.

Size: One fits all.

55 (NEW) RANGER Camouflage "Roll-Up" Hat (Jones Style)

No ear flaps or foam lamination inside. Crushable, but shape retaining. Stitched brim. The "now" look. Solid sizes only.

Sizes: S-M-L-XL

150 Famous RANGER Cotton Viet Nam Tiger Stripe Pattern

The camouflage pattern field tested and approved in Viet Nam. The ultimate in concealment. The hottest item to hit the U.S. camouflage market in years. Complete two-piece suit, jacket and pants.

Sizes: S-M-L-XL-XXL

10 RANGER Two-Piece Camouflage Outfits

Made of durable RANGER cotton. Jacket: Large, roomy pockets with non-snap flaps and hunter-approved non-reflective buttons. Breast pocket. Pants: Two large front pockets and two large back pockets. Back pockets have button flaps. Durable rust free brass zipper fly. Adjustable waist tabs.

Sizes: S-M-L-XL-XXL

RANGER CAMO CLOTHING

35 RANGER One-Piece Camouflage Jumpsuit

Full cut, roomy, one-piece jumpsuit. Tailored with bi-swing back, seven roomy pockets, and concealed two-way zipper front. Slash side vent opening for easy access to inner clothing and pockets. Quality, comfort and styling for hunting pleasure.

Sizes: S-M-L-XL-XXL

200 RANGER Reversible Camouflage Jacket/Water Repellent

Quick change, lightweight, water-repellent, reversible green camouflage jacket reverses to brown camouflage. Two extra large slash pockets on each side. Concealed zipper. Cigarette pouch on breast. Perfect for all seasons; provides concealment in every terrain.

Sizes: S-M-L-XL

201 (NEW) RANGER Reversible Camouflage Pants/Water Repellent

Now! The pants to match the 200 Reversible Jacket. Super concealment for both early and late season hunting. Two roomy, jungle-style hip pockets. Extra full cut. All cotton. Water-repellent finish.

Sizes: S-M-L-XL

30 Camouflage Suit. RANGER Viet Nam Pattern

Complete two-piece suit with jacket and pants. Heavy duty, tough camouflage pattern worn in Viet Nam. Field tested and approved for durability and superior camouflage.

Sizes: S-M-L-XL-XXL

197 RANGER Insulated Coveralls-Non-Reversible

Two extra-roomy pockets up front with two additional pockets in back. Heavy duty concealed zipper. Cigarette pocket on breast. Insulation is 3.3 oz. of 100% Dacron 88°. Designed for all types of chilly weather hunting that requires camouflage. Elasticized waist for comfort and movement.

Sizes: S-M-L-XL

198 RANGER Reversible Insulated Hood

RANGER camouflage duck reverses to quilted, fluorescent polyester orange. Insulation is 3.3 oz. of 100% Dacron 88°. Draw string for snug fit. Snaps under the chin to keep neck warm.

Sizes: One fits all.

195 RANGER Reversible Insulated Jacket

Rugged RANGER camouflage duck reverses to soft, fluorescent, quilted polyester orange. The insulation is 3.3 oz. of 100% Dacron 88°. Heavy duty concealed reversible zipper. Each side has two large pockets and cigarette pocket on breast. Cuffs are rich, warm knit. Neck snaps shut.

Sizes: S-M-L-XL

196 RANGER Reversible Insulated Pants

Matches 195 Jacket. Rugged RANGER camouflage duck reverses to soft, fluorescent, quilted polyester orange. The insulation is 3.3 oz. of 100% Dacron 88°. Four pockets on each side with reversible zipper fly. Elasticized waistband with snap.

Sizes: S-M-L-XL

BLACK HAWK BOW SIGHTS

< **BHSS—Blackhawk School or Camp Sight**—Designed to fit the budget of all schools or camps and yet allow young archers to learn with a quality sight.

> **SMHS—Blackhawk's side-mounted hunting sight**—Mounted easily to any bow by 4 screws. Anodized black for no glare finish. Has 4 pins for 4 different sightings to cover all hunting conditions.

> **BHB1—Blackhawk Economy Sight**—For the archer who wants to try a sight before he goes to a better model. Also, excellent for schools or camps.

< **BHAP—Blackhawk's All-Purpose Sight**—A hooded sight with double locking features found in more expensive sights. A great sight for target or field shooting.

< **BHHS—Blackhawks Economy 4 Pin Hunters Sight**—Mounts to front or back of bow with screws or tape. Anodized black.

Should you or shouldn't you?? Many archers and hunters ask themselves this question year after year and never do try a sight. The facts are that the vast majority of archers who use sights are much more accurate than they were before using them. Mounting sights on a bow does not void the guarantee and furthermore, the job is very easily done. Yes, you can pay up to \$60 for a bow sight but most sights are in the \$6 to \$15 range and they never wear out. Try a bow sight, most archers like them.

BACR — Black Hawk Accra sight. The finest sight available anywhere at any price. Micrometer windage and elevation adjustment. Also equipped with bubble level adjustment and yardage pin corrector.

SSUP — BLACK HAWK SUPER SIGHT. A moderately priced quality target sight. Even the most target and field archers would be pleased with the beauty.

EXTEN — 5" or 8" sight extension for either the super sight or the Accra sight.

BTRIG — Black Hawk Trigger Hunting Sight. The trigger sight automatically selects the right sight setting for various distances in the field. Eliminates yardage guess work when taking that all important first shot at your trophy.

BLACK HAWK TARGET & TARGET STANDS

BEC—Economy Target Mat—Made of heavy corrugated paper, comes partially assembled, can be assembled by opening the box, pack tightly with rags, paper or straw, then tape box lid shut. An economical target mat that will give many hours of pleasure. Packed: 15 BEC to Bundle

The same construction as the 48" Tough-A-Matt is also available in 36", 24" and 16" matts.

Target skirts available for 24", 36" and 48" matts.

CA Colored Animal—Beautiful full color animal targets to stimulate hunting shots. Available in 4 sizes: 6", 12", and 24" faces.

48"—this is a regulation size matt that is used in most school programs and all national and regional target competition. Backed with 16" matts, it is also used for indoor shooting. The Tough-A-Matt is excellent for casual and occasional practice use.

Standard 4-Color Faces
Sizes 14" through 48"
Official Heavy Tag Paper

Code	Size
P-48	48"
P-36	36"
P-24	24"
P-16	16"
P-12	12"

Sisal Core Target—Stopping power for bows up to 55#. Made of three thick layers of sisal and four heavy duty corrugated discs within full size four color skirted target faces.

Sisal Targets are available in 24" and 36" sizes. Replacement skirts available for 24", 36", and also the 48" Saunders Tough-a-Matt.

PAA Indoor Round—Official and unofficial 20" blue and white indoor PAA-ALOA-AIAA targets.

b.w.s.—Wood Target Stand—Black Hawk's Tripod Wood Stand for easy Target Mounting. Easily assembled.

24"

36"

WS 24 and WS 36 are economy target stands that enable easy target mounting for all archers.

STAP — Black Hawk Target Staples. Wire staples in fastening target faces to straw mats (four to set).

BLACK HAWK ACCESSORIES FOR THE SERIOUS ARCHER

Pro Bo Adjustable Klicker with new self adhesive template. Now you may attach our adjustable klicker direct to the bow or use the self adhesive template to make installation quick and easy. Klicker tension may be adjusted by bending the blade. Packed one per display card, instructions included. #A100.

TS—Stablizer—Fits 1/4" 20" insert. Reduces limb torque and puts weight forward to help improve stability and accuracy. 4" model for hunters or 24" model for target shooters. Specify.

Pro Bo Plunger, smooth, easy to adjust. Anodized to assure good working order even in bad weather. #A135.

A WORD ABOUT BLACK HAWK

A WORD ABOUT BLACKHAWK

For 27 years, we at Cravotta Brothers, have been striving to construct the best possible equipment at the lowest possible price while incorporating beauty, practicality and durability into all of our products. We have concentrated on the best new ideas and have tried to keep our equipment as futuristic in design as possible. New for 1978 — two magnesium handled compounds, two magnesium handled recurves, the only true youngster's wood handled compound built anywhere, graphite arrows, and an economy aluminum converta arrow.

Some of our customers have been through our plant and after talking to them they seem to think it would be a good idea to tell a little about ourselves.

We are a family owned and operated business. Our only plant is in East McKeesport, Pa. Besides running the business, the Cravotta family all work in production so we know the effort that goes into each and every product. Every bow is hand-glued, hand-shaped, and the limbs are hand-tillered and straightened. The bows are finished with three coats of polyurethane paint and hand-rubbed between each coat. Our arrows are made in the same manner. Nock taper, point tapers, nocking and painting are all done one arrow at a time by hand.

In spite of our products being practically custom-made, Blackhawk remains competitively priced.

Your comments on how we can improve our line to better meet the archery industry needs are always welcome. Address your correspondence to Mr. James Cravotta, Pres. Cravotta Brothers, Inc., Third Street, East McKeesport, Pa. 15035

VITAL INFORMATION TO BUYERS

Prices: All prices for products included in this catalog are subject to change without notice. Prices are based on existing tax conditions, and should additional federal and/or state taxes be levied, such taxes will be added to all invoices.

All prices are F.O.B.....East McKeesport, Pa. 15035.

Orders: All orders should be placed subject to the company's approval and acceptance. Any order on **open account** must be accompanied by references or good credit rating with Dun & Bradstreet or the Credit Bureau.

Please allow time to check Credit Rating.

Service Charge: A service charge of \$5.00 will be added to any drop shipment made from the plant less than \$50.00.

Shipment: All freight shipped COLLECT...allowance will be deducted from payment.

Freight Rate/Freight Allowance: Freight rates are based on lowest cost transportation, which normally is motor freight. When alternate method of shipment is requested, and orders are within boundaries of freight allowances, said allowances will be based on lowest cost of transportation with difference in freight costs to be paid by customers.

There will be no freight allowance on any account that is overdue, and no freight allowance on target stands or mats.

Freight Allowance: Full freight allowance on orders of \$750 or more.

Every Blackhawk bow is numbered and accompanied by a guarantee card which must be filled out and mailed by the purchaser within 10 days of date of purchase.

Your bow is guaranteed for one (1) year from date of purchase provided the bow shows no signs of misuse or improper handling. Serial number must be intact and bow should not be altered in any way. Altering does not include installation of sights. A Blackhawk owner should never attempt to repair a bow himself as this voids the guarantee. Any failure within the initial one-year guarantee period, Blackhawk will repair or replace at our option the defective bow. If replacement is necessary, it will be done as near as possible with a bow of the same model and weight.

After one year and continuing indefinitely, if a failure should occur, customer can purchase a bow of the same model or a model as close as possible for 40% below current dealer selling price. The current dealer selling price will be determined by Blackhawk taking the average selling price of local dealers.

Returns: No returns accepted unless prior authorization has been granted by Cravotta Brothers, Inc. All returns must be shipped freight prepaid, and goods must be returned in original container in good condition; damaged or marked container will not be accepted. When returns are acceptable, a 10% service charge of the value of the goods returned will be debited to your account for re-inventory and handling expenses.

C.O.D.: All C.O.D. orders require a 25% deposit with order.

Terms: 2% 10 days, Net 30 days.

Cravotta Brothers, Inc. reserve the right to change specifications of any merchandise listed in this catalog without prior notice to the customer.
