

HEAVY DUTY RUBBER MATS

The best thing about these bed mats is the thick 3/8 in. protection they give your truck. Designed as a custom fit for most popular trucks, they install without trimming. Made from a tough, reinforced Nyracord rubber compound, they'll keep on protecting your bed when most mats are torn to shreds. They're available for most pickups with short or long beds.

**PRICES: SHORT BEDS \$90.00 LONG BEDS 8ft
