

**Colt's
Archery
Equipment**

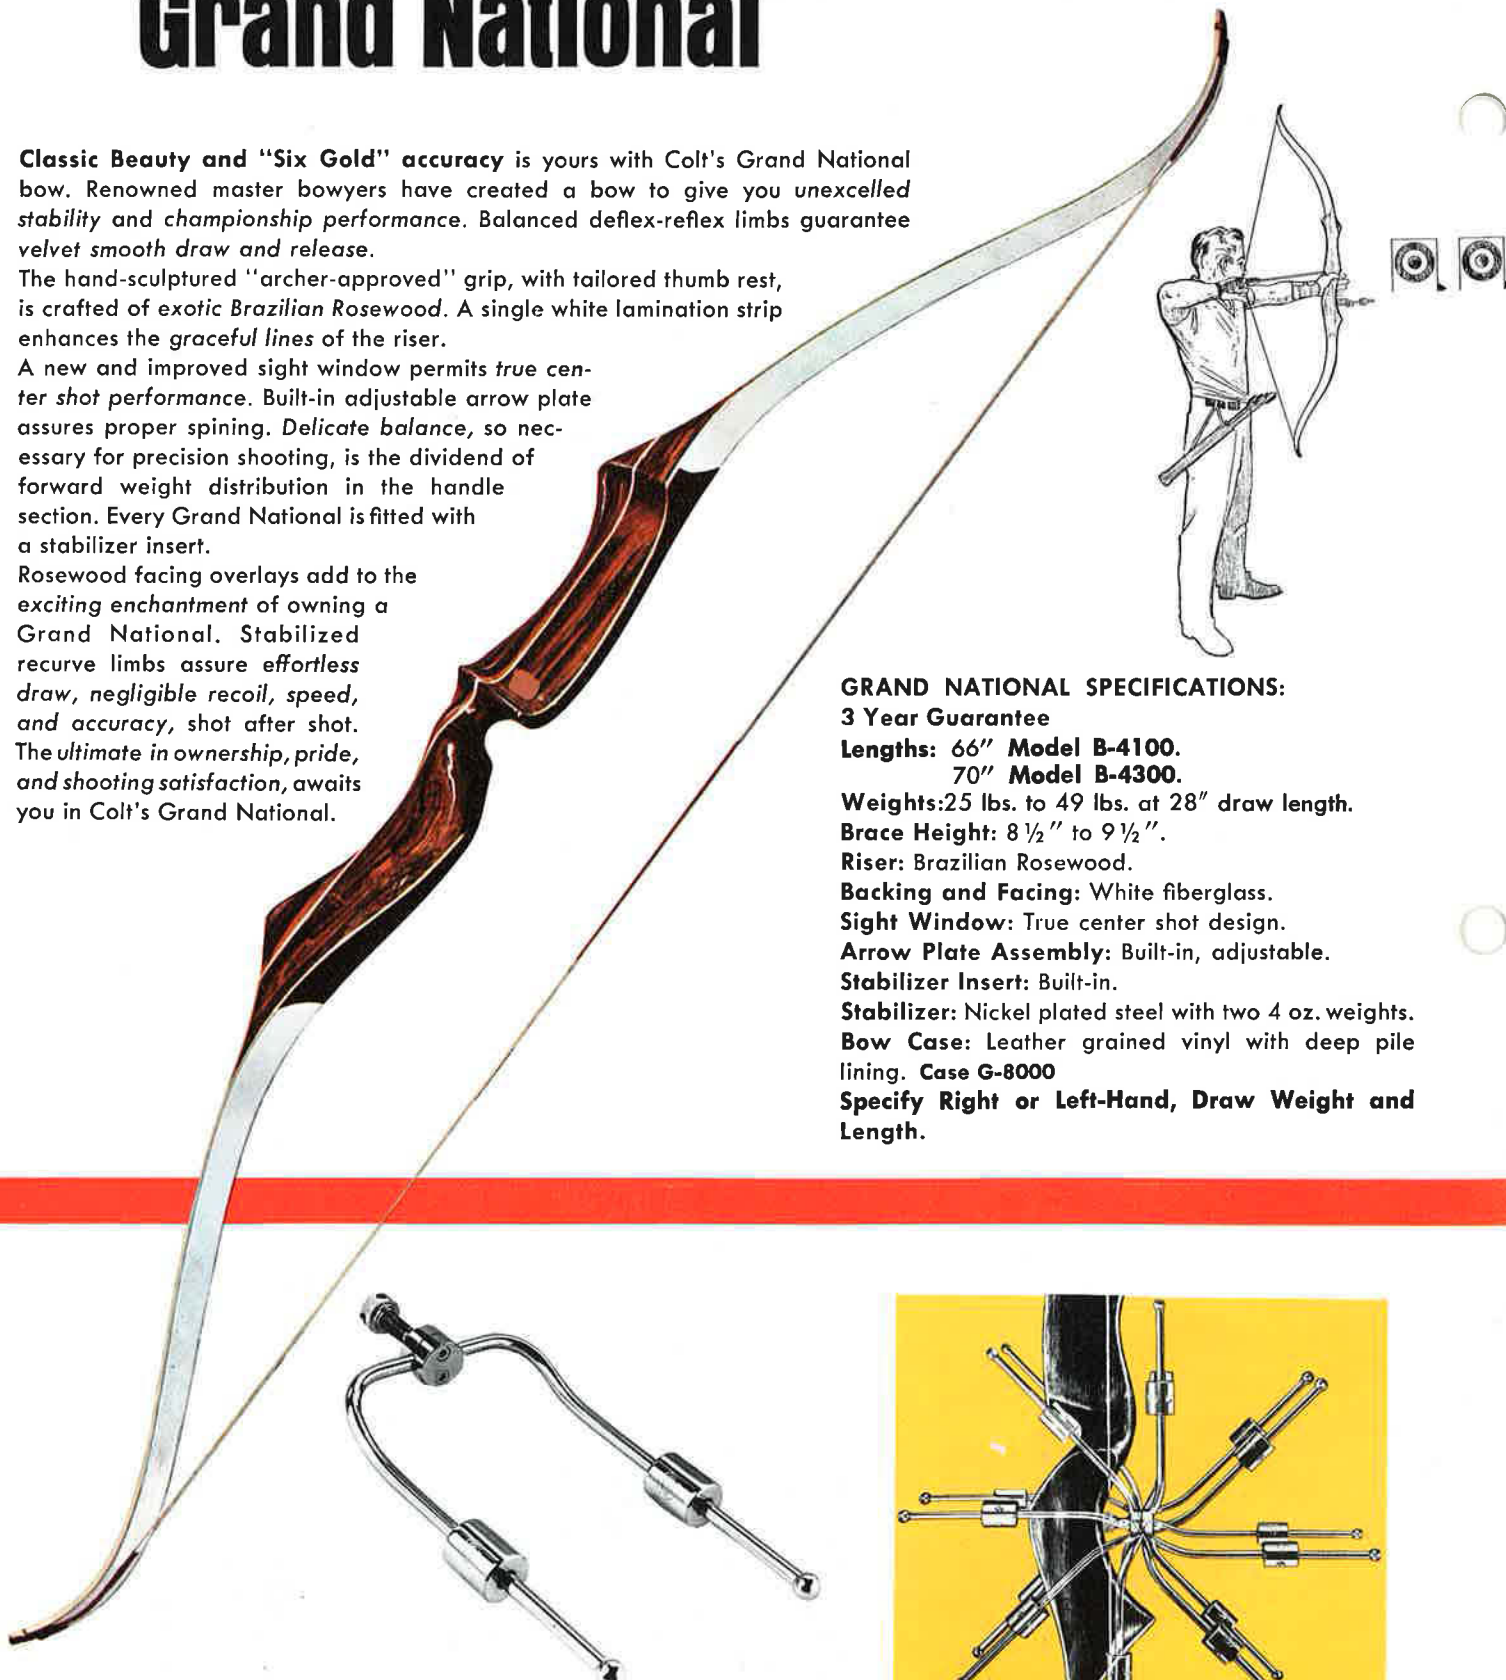

Grand National[®]

Classic Beauty and "Six Gold" accuracy is yours with Colt's Grand National bow. Renowned master bowyers have created a bow to give you *unexcelled stability and championship performance*. Balanced deflex-reflex limbs guarantee *velvet smooth draw and release*.

The hand-sculptured "archer-approved" grip, with tailored thumb rest, is crafted of *exotic Brazilian Rosewood*. A single white lamination strip enhances the *graceful lines* of the riser.

A new and improved sight window permits *true center shot performance*. Built-in adjustable arrow plate assures proper spining. *Delicate balance*, so necessary for precision shooting, is the dividend of forward weight distribution in the handle section. Every Grand National is fitted with a stabilizer insert.

Rosewood facing overlays add to the *exciting enchantment* of owning a Grand National. Stabilized recurve limbs assure *effortless draw, negligible recoil, speed, and accuracy*, shot after shot. The *ultimate in ownership, pride, and shooting satisfaction*, awaits you in Colt's Grand National.

GRAND NATIONAL SPECIFICATIONS:

3 Year Guarantee

Lengths: 66" Model B-4100.

70" Model B-4300.

Specify Right or Left-Hand, Draw Weight and Length.

This is a multiple exposure photo of Colt's new, exclusive MK 1 Torque stabilizer, illustrating the full 360° rotation feature.

X-1700 Torque Stabilizer MK 1 Unit is sturdily built of high-carbon, rustproof nicked steel. Each Grand National is delivered with Colt's stabilizer with two 4 oz. weights, in an exceptionally fine bow case well padded with deep lining for added protection of your bow. Large zippered accessory pocket.

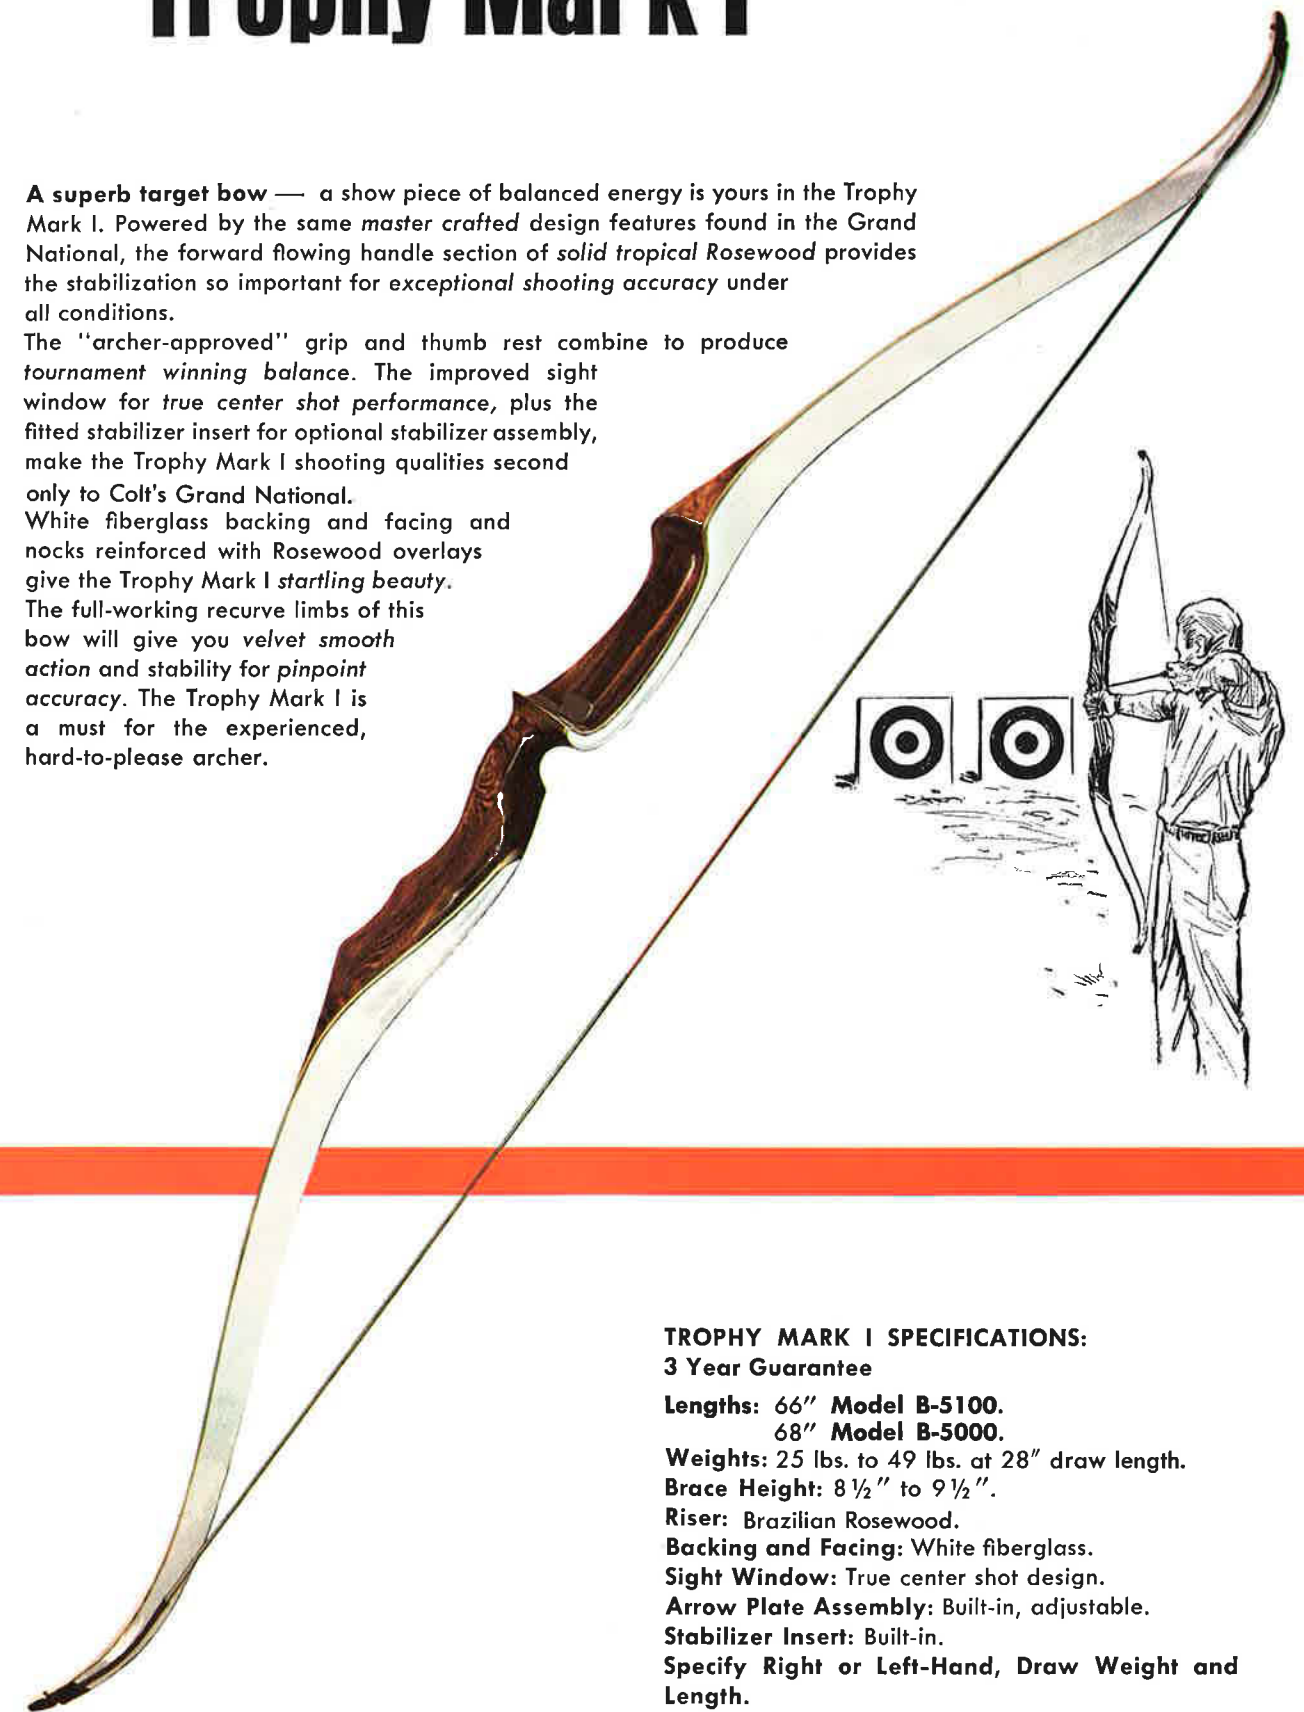

Trophy Mark I[®]

A superb target bow — a show piece of balanced energy is yours in the Trophy Mark I. Powered by the same *master crafted* design features found in the Grand National, the forward flowing handle section of *solid tropical Rosewood* provides the stabilization so important for *exceptional shooting accuracy* under all conditions.

The "archer-approved" grip and thumb rest combine to produce *tournament winning balance*. The improved sight window for *true center shot performance*, plus the fitted stabilizer insert for optional stabilizer assembly, make the Trophy Mark I shooting qualities second only to Colt's Grand National.

White fiberglass backing and facing and nocks reinforced with Rosewood overlays give the Trophy Mark I *startling beauty*.

The full-working recurve limbs of this bow will give you *velvet smooth action and stability for pinpoint accuracy*. The Trophy Mark I is a must for the experienced, hard-to-please archer.

TROPHY MARK I SPECIFICATIONS:

3 Year Guarantee

Lengths: 66" Model B-5100.

68" Model B-5000.

Specify Right or Left-Hand, Draw Weight and Length.

Targetsman Express[®]

Arrowmaster[®]

A Champion in its class, the Targetsman Express features speed and stability usually found in more expensive bows. The master crafted Bubinga riser and white fiberglass laminated full recurve limbs produce smoothness, accuracy and beauty without jar—all at a price to delight any bowman.

TARGETSMAN EXPRESS SPECIFICATIONS:

3 Year Guarantee

Lengths: 64" Model B-8400.

68" Model B-8000.

Weights: 25 lbs. to 49 lbs. at 28" draw length.

Brace Height: 8 1/2" to 9 1/2".

Riser: Bubinga.

Backing and Facing: White fiberglass.

Sight Window: Center shot design.

Arrow Rest: Plastic flex rest.

Specify Right or Left-Hand, Draw Weight and Length.

Its new design delivers the dead-center accuracy and penetrating power for target or field shooting . . . by more evenly distributing all stresses.

For example, Arrowmaster's new, wide-tip limbs give this bow the stability and accurate shooting qualities ordinarily found in \$100 bows! Assures years of uniform, smooth performance. And its Imbuia tropical hardwood handle and sight window provide the superb balance and accuracy unheard of in a popular-priced bow.

ARROWMASTER SPECIFICATIONS

3 Year Guarantee

Length: 66" Model B-1100

Weights: 20 lbs. to 49 lbs. at 28" draw length.

Brace Height: 7 1/2" to 8 1/2".

Riser: South American Imbuia wood.

Backing and Facing: Turquoise fiberglass.

Sight Window: Full 6 1/2" center shot design.

Arrow Rest: Flex-rest.

Specify Right or Left-Hand, Draw Weight.

Hunt Master[®]

Crouched in a blind, tracking in thick cover, or wherever the trail leads, the streamlined, compact 52" Hunt Master is the perfect hunting bow. Instantly maneuverable, it is ready fast when action calls for split-second decisions. It is comfortable to shoot from any position.

Exceptionally beautiful riser is superbly crafted of South American Bubinga with two laminations and three overlays. Feathered riser design guarantees years of superior performances.

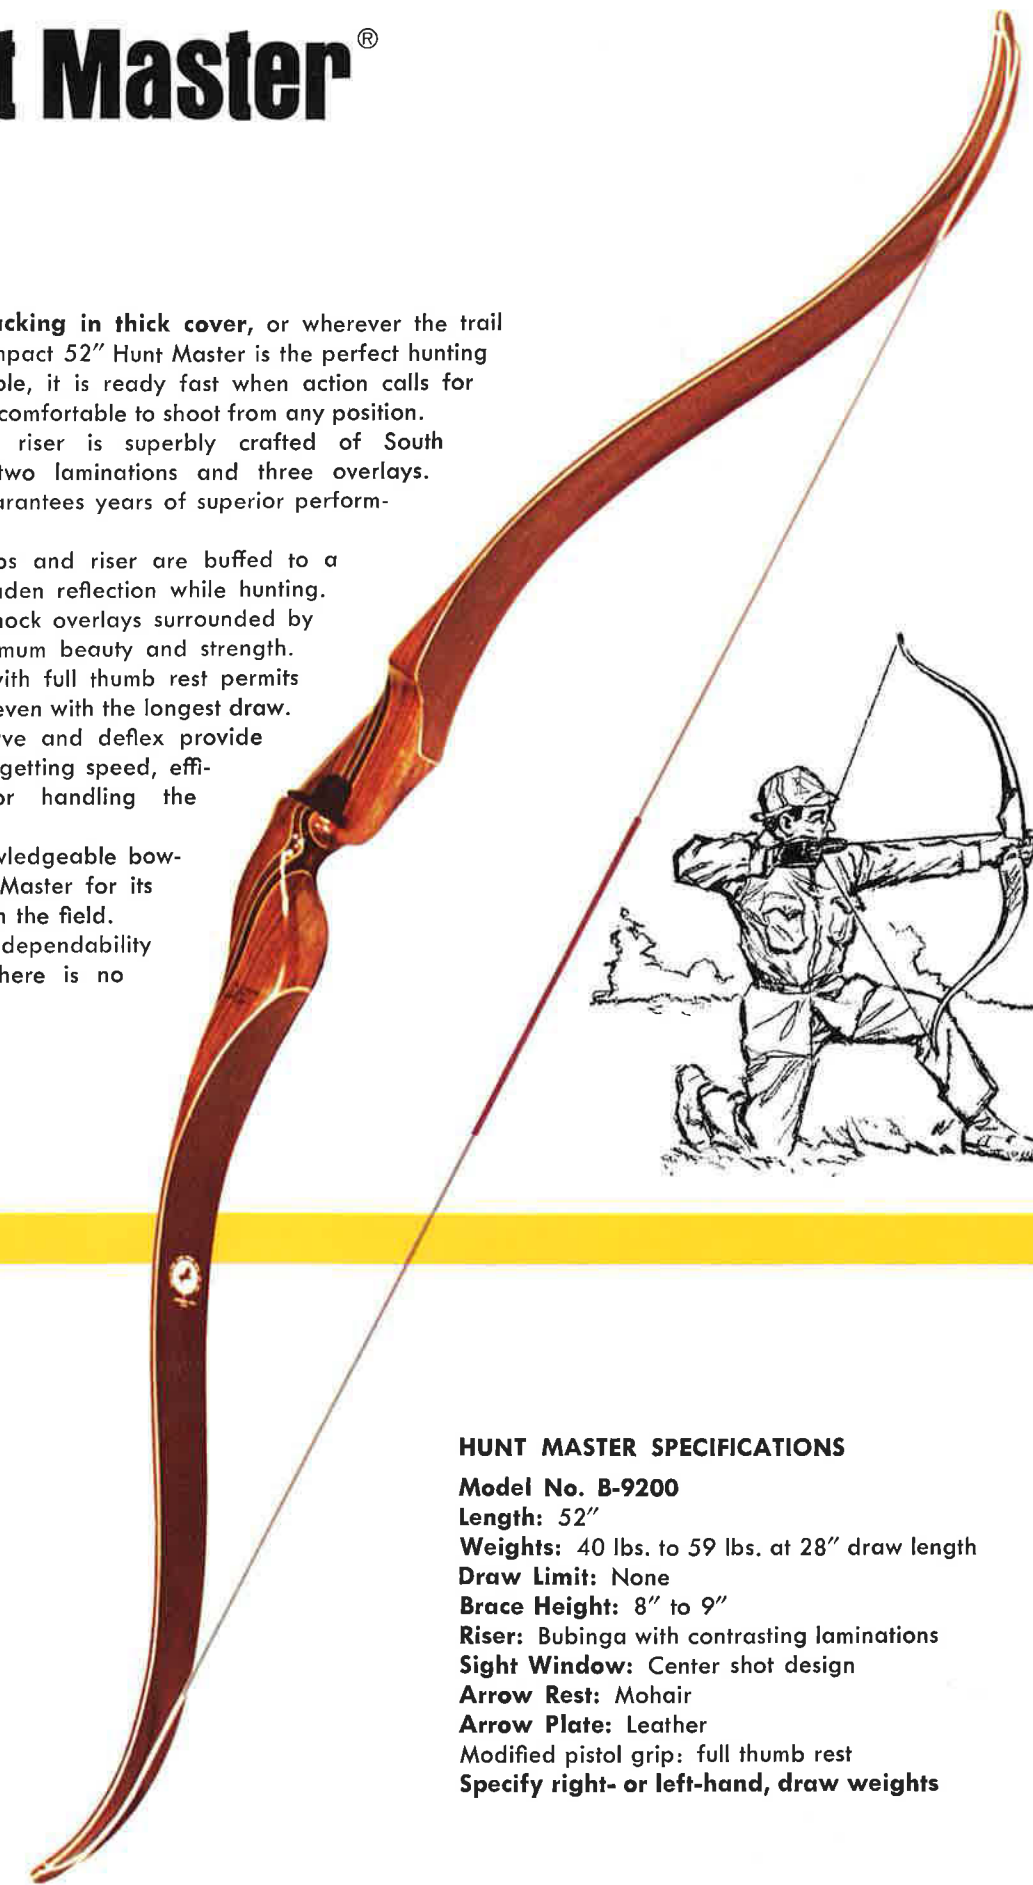

Gracefully tapered limbs and riser are buffed to a smooth gloss finish to deaden reflection while hunting. Blunt limb tips with fiber nock overlays surrounded by hard woods provide maximum beauty and strength.

Sculptured pistol grip with full thumb rest permits remarkably smooth action even with the longest draw.

A longer working recurve and deflex provide minimum stack with game-getting speed, efficiency, and stability for handling the heavier hunting arrow.

The discriminating, knowledgeable bowman will praise the Hunt Master for its outstanding performance in the field.

For strength, accuracy, dependability and ease of handling, there is no finer hunting companion!

HUNT MASTER SPECIFICATIONS

Model No. B-9200

Length: 52"

Weights: 40 lbs. to 59 lbs. at 28" draw length

Draw Limit: None

Brace Height: 8" to 9"

Riser: Bubinga with contrasting laminations

Sight Window: Center shot design

Arrow Rest: Mohair

Arrow Plate: Leather

Modified pistol grip: full thumb rest

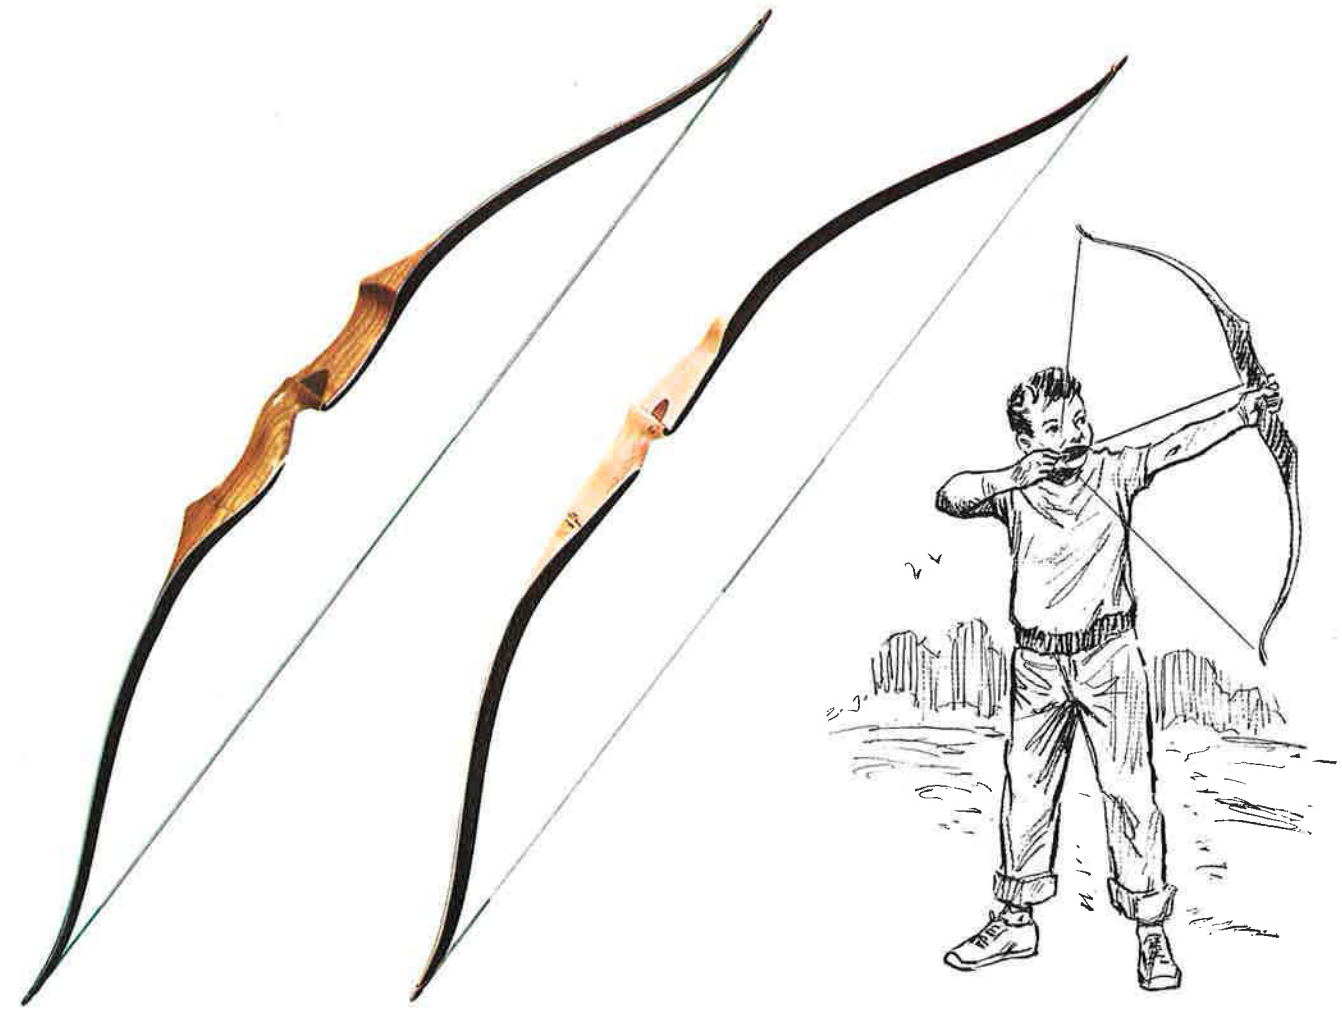

Specify right- or left-hand, draw weights

Game Master[®]

Woods Master[®]

Pioneer[®]

Trailblazer[®]

The "big fellow" of the new Colt's family of hunting bows. A serious bowman will find it ideal for field use.

Beautifully fashioned riser has feathered design for maximum strength at the critical stress points. Three-ply nock overlays and blunt points provide added strength and protection. A longer working recurve and deflex provide minimum stack with maximum speed and efficiency for handling the heavier hunting arrow. Smooth action with even the longest draw.

A fine bow to own, guaranteeing years of pleasure.

GAME MASTER SPECIFICATIONS

Length: 60" **Model No. B-9000**
Weights: 40 lbs. to 59 lbs. at 28" draw length
Draw Limit: None **Brace Height:** 8" to 9"
Riser: Bubinga and cherry with contrasting laminations

X-5100 DACRON BOW STRINGS

Waxed before fabrication, bonded, and pre-stretched Colt's bow strings are the finest double loop strings available. Loop servings are of long wearing thread. Center servings are durable nylon for smooth release. Accurately dimensioned as to loop size, overall length, and position of servings.

G-5000 TOURNAMENT QUIVER

Practical, serviceable, and handsomely styled — this quiver is for the tournament archer who wants perfection in all his equipment. Made of top quality full-grain cowhide. Styled for wearing comfort. Two compartments with removable strap divider and zippered accessories pocket. Right or left-hand.

Color — Brown.

G-1000 GLOVE

Finest quality shooting glove available. Top grain, tanned cowhide. Heavy duty elastic, durably stitched with nylon thread. Sturdy metal buckles and snaps. Sizes: X-Large, Large, Medium, Small. Right or left-hand.

Color — Brown.

X-1400 BRUSH BUTTONS

Brush-proof a bow. Will not snag — string noise dampened. Soft rubber buttons, either regular or super, are easily fitted on bow string. Accuracy is not impaired. Two buttons per package.

G-6000 TARGET QUIVER

A custom-detailed quiver, made of full-grain cowhide. Easy wearing, easy drawing, easy on the eyes. Rugged construction — double stitched with nylon threads at points of stress. Equipped with belt clip.

Color — Brown.

G-3000 GLOVE

Open end, single seam tips of buckskin for the archer who wants to feel the string. Back is stitched tan cowhide and elastic for ease and comfort in wearing. Sturdy metal buckles and snaps. Sizes: X-Large, Large, Medium, Small. Right or left-hand.

Color — Brown.

Colt's Fine Line

X-1500 NOCKING POINTS

An instant nocking point is provided by using one or two Colt's nocking points. Just slip on string, position, and apply heat. The nocking point will shrink to fit string and be ready to use in a matter of seconds. 4 nocking points per package.

G-7000 ROVING QUIVER

Combines best features of side and hip quiver, smartly styled. Top grain leather, large zipper pocket and arrow separator. Full sized belt tunnel. Belt clips. Right or left-hand.

Color — Black

G-4000 ARM GUARD

Fully lined top quality material with concealed spring steel stays. Trim and slim for wearing comfort and shooting ease. Two elastic straps and metal hardware.

Color — Black.

of Accessories

X-1600 STABILIZER

Nickel plated steel attachment for added stability on fine target bows. Adjustment of weights will provide the balance of your choice. Supplied with two 4 oz. weights. Optional 3 1/4 oz. or 5 oz. weights available. X-1700 fully adjustable stabilizer MK1 also available.

X-1900 BOW FISHING OUTFIT

Complete outfit includes 4 1/2" bow reel with 50' of 80# test line, solid fiberglass arrow with detachable, black oxide finish over steel, double barbed point assembly. The right outfit for the bow fisherman.

G-2000 ARM GUARD

Top grade, tanned cowhide construction of proper weight. Split cowhide backing, skived on edges to thickness of top leather. Three 1/2" elastic straps. Spring steel stays. Heavy-duty nylon thread stitching.

Color — Brown.

X-1800 ARROW NOCKS

Injection molded plastic index nocks with open throats, square bottoms, and reinforced edges. Sizes: 1/4", 3/32", 3/16" and 1/32". Assorted colors. One dozen per package.

X-2000 BOW FISHING REEL AND LINE

4 1/2" bow reel of sturdy aluminum construction easily attaches to most bows. 50' of 80# test line included.

T-1000 SHEARED CALF TAB

For smooth, fast, positive release. Made of durable, top grade sheared calf with leather lining. Sizes: Large, Medium, Small. Right or left-hand.

Color — Brown and White, Black and White.

G-8000 BOW CASE

Black leather grained vinyl exterior with reinforced stitching at wear points. Siliconized, deep pile lining for added protection of bow. Large zippered accessory pocket. 34" zipper with locking ring. Will accommodate bows to 70".

X-2200 BOW FISHING POINT ASSEMBLY

Rugged, dependable, black oxide finish over steel, double barbed, detachable head, fish point. Ferrule for 5/16" arrow shaft included.

T-2000 CORDOVAN TAB

For clean, smooth release. Made of top quality shell cordovan with leather lining. Sizes: Large, Medium, Small. Right or left-hand.

Color — Brown.

Hilbre Heads

X-1000 COLT'S SUPER HILBRE HEAD

Four razor sharp blades of high carbon steel—the world's finest broadhead. Exclusive with Colt's. Remarkable penetrating characteristics. Air vents in smaller blades insure true flight. Colt's Super Hilbre will not windplane. Long blade and auxiliary (smaller) blade both cut 1 1/8" wide. Precision-molded Lexan ferrule may be fitted to arrow shaft in seconds without cement or bonding agents.

X-1100 COLT'S HILBRE HEAD

Keen edge, deep penetrating—Colt's Hilbre Head cuts 1 1/8" wide. An effective game stopper with a large, super sharp, high carbon steel blade 3" long. Requires no cement or bonding agents. The threaded ferrule, precision-molded from Lexan, may be tightly fitted on the arrow shaft in a matter of seconds. Accurate, silent flight is a prominent characteristic of Colt's Hilbre Head. Illustration is full size.
