

The Burn Institute & Autism Society San Diego wants to keep you and your family safe from a house fire.

Many individuals with autism are at a higher risk in a situation involving a fire because of their propensity to retreat to a favorite hiding place when feeling threatened. Even those who have successfully escaped a burning building have died re-entering attempting to find a prized possession. The Burn Institute and the Autism Society San Diego want help by offering this free opportunity.

Smoke alarms are a critical part of a home fire escape plan. Are you ready?

Smoke alarms save lives!

Trained volunteers will install **FREE** smoke alarms in your home!

Qualifications:

-For ASD Families in San Diego + Imperial Counties -Must own your home

To receive your **FREE** Smoke Alarm installation, contact us today for an appointment.

smokealarm@burninstitute.org

Homeowners will be given a liability release to complete and sign authorizing access to property and the installation of smoke alarms.

A house fire is the last thing anyone ever expects, but being prepared as a family and taking extra precautions will go a long way in staying safe if such an incident should occur.
