

Master Builders Solutions products from BASF for the Construction Industry:

MasterAir®

Solutions for air-entrained concrete

MasterBrace®

Solutions for concrete strengthening

MasterCast®

Solutions for manufactured concrete product industry

MasterCem®

Solutions for cement manufacture

MasterEmaco®

Solutions for concrete repair

MasterFiber®

Comprehensive solutions for fiber reinforced concrete

MasterFinish®

Solutions for formwork treatment

MasterFlow®

Solutions for precision grouting

MasterGlenium®

Solutions for high-performance concrete

MasterInject®

Solutions for concrete injection

MasterKure®

Solutions for concrete curing

MasterLife®

Solutions for enhanced durability

MasterMatrix®

Advanced rheology control solutions for self-consolidating concrete

MasterPel®

Solutions for water tight concrete

MasterPolyheed®

Solutions for high-performance concrete

MasterPozzolith®

Solutions for water-reduced concrete

MasterProtect®

Solutions for concrete protection

MasterRheobuild®

Solutions for super-plasticized concrete

MasterRoc®

Solutions for underground construction

MasterSeal®

Solutions for waterproofing and sealing

MasterSet®

Solutions for retardation control

MasterSure®

Solutions for workability control

MasterTop®

Solutions for industrial and commercial floors

Ucrete®

Flooring solutions for harsh environments

MasterSeal® 658

Slip-resistant acrylic coating
for asphalt and concrete

Protect and beautify concrete and asphalt surfaces

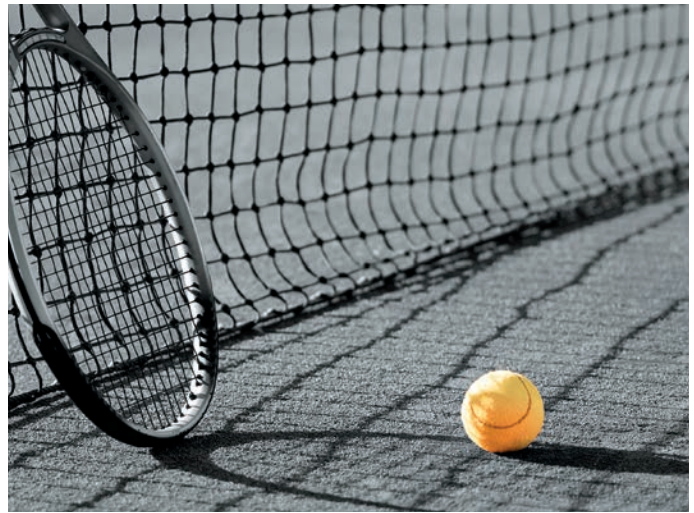

MasterSeal 658 is a water-based, slip-resistant acrylic coating designed to protect and preserve concrete and asphalt surfaces. Weather and UV-resistant, MasterSeal 658 offers excellent durability and vivid, permanent, non-glaring colors. The textured surface also provides slip-resistance for enhanced safety, making MasterSeal 658 ideal for outdoor recreational surfaces with pedestrian traffic.

Applications

- Interior and exterior
- Pedestrian traffic areas
- Balconies
- Swimming pool decks
- Walkways and stairways
- Tennis courts and playgrounds
- Bike paths
- Recreational areas
- Basketball Courts
- Line striping

Features and Benefits

- Durable for long lasting protection
- Textured surface for slip-resistance
- Vibrant, permanent colors, both standard and custom
- Ready to use for ease of application
- Water-based for easy clean-up
- Ideal for both new construction and restoration

Standard Colors

Tennis Green 451

Court Red 453

French Grey 458

Clay Tan 456

Tint bases and color matching also available for a wide range of custom colors.

NOTE: Colors above serve only as a visual guide for initial selection of color. It is important to note that the colors seen will vary depending on your monitor settings, as well as by the specific settings for your color printer, should you print the results of your search. See your BASF distributor for actual color samples.
