## 1. Wastewater

### a. Ordinance about waste dumping

- i. Brent and Amy set about updating our ordinance with dumping adding a flat rate, Bill Heap will go about rewriting the ordinance to be presented to the council at a later date.

## 2. Water

### a. Water related matters

- i. The Water Department is looking at replacing the roof on the plant. The committee advised Tyler to get in touch with the general contractor to find the roofing subcontractor for warranty information. \$20,000 is currently within the budget for a roof replacement.
- ii. Scott Avenue update: Tyler has been advised that the service line feeding Scott Ave Church needs to be replaced with a larger pipe (from 4" to 8") to be compliant with current laws. The committee has advised Tyler to get quotes and plan the upcoming project.
