N.M.S.A. Work Requirement Form

Name: _____

Phone Number/s: _____

Address: _____

Thank you in advance for your support in this matter. On this page is the list of work days for the 2023 calendar year. Please check at least TWO (2) events that you plan on working and return this paper with your membership dues. If you plan on working an archery shoot, you may set targets Friday or Saturday night before and/or remove targets the day of the shoot. Any questions concerning the Archery Shoots, please contact Matt Swartz @ 570-490-2784. Contact Steve Shupp @ 570-279-7575 regarding Club Work Days or Buildings & Grounds Projects. Contact Bob Gainer @ 570-437-3553 to assist with Hunters Clay Shoots. Contact Gary Lewis @ 570-764-0723 to assist with Ladies Field Day.

Members are required to contact the chairman of the event or work project at least two weeks before the event to notify him/her of their intention to work. After contacting a chairman in advance, members may come to the club at any time to work at clean-up, brush cutting, painting, etc., and report the work done and hours worked to the chairman responsible. Remember, your failure to meet the Work Requirement could result in termination of your membership. We believe this is very little to ask for all that the Association has to offer. Thanks once again.

2023			2023		
Available to Work	Date/Event		Available to Work	Date/Event	
	01/29/23 Hunter's Clay Shoot	-		06/04/23 3D Archery Shoot
