**Tuesday, February 3, 6:00pm**

**For Adults Only:** This one-hour, hands-on workshop is designed for parents/caregivers of children (preschool through middle school) who struggle with morning routines, particularly kids with ADHD, anxiety, sensory sensitivities, or who simply don't respond to typical behavior charts and rewards. In this workshop, parents will **create a customized morning routine board game** using provided materials (though donations of old board games are welcome). Rather than leaving with generic parenting advice, parents will walk out with a tangible tool specifically designed for how their child's brain works—something they can use the very next morning!

This workshop will be led by Licensed Psychologist and Certified Behavior Analyst Kristi Clarke, PsyD, BCBA-D, of Lumos Psychological Assessment and Counseling, LLC

# In the Great Ponds Gallery

## Deanne Joy, Quilts *Patriots Heart: American Story* through February 19

This stirring exhibition comes from the Cambridge-based, art-centered nonprofit Patriots Heart founded by American heritage story quilter Deanne Joy. Titled *Sacrifice: The Heart of the Military*, it pays tribute to the courage, resilience, and sacrifice of United States Military personnel across a century of service.

At the heart of the exhibit is the crafted quilt series by Deanne Joy with Elise Sopelle, representing six major conflicts over the past 100 years. Through fabric, color, and texture, these story quilts offer a deeply personal and artistic lens into the lived experiences honoring veterans. Each piece invites viewers to reflect on the diverse aspects of military service. Complementing the quilts are a series of art posters that feature historical photos, poetry, and contextual information to deepen engagement and inspire dialogue.
