M1

HIGH-RESOLUTION FULL-COLOR ADDRESS PRINTER

M1

LOW-COST FULL-COLOR ADDRESS PRINTING

The M1 address printer uses innovative Memjet® technology with a single fixed-head inkjet cartridge that provides vibrant high-res color printing with lower ink and maintenance costs over traditional shuttle-head printers.

INNOVATIVE MEMJET® TECHNOLOGY

Memjet Technology allows more precise printing using less ink and producing less noise than standard print heads with no moving parts and 70,400 color ink nozzles.
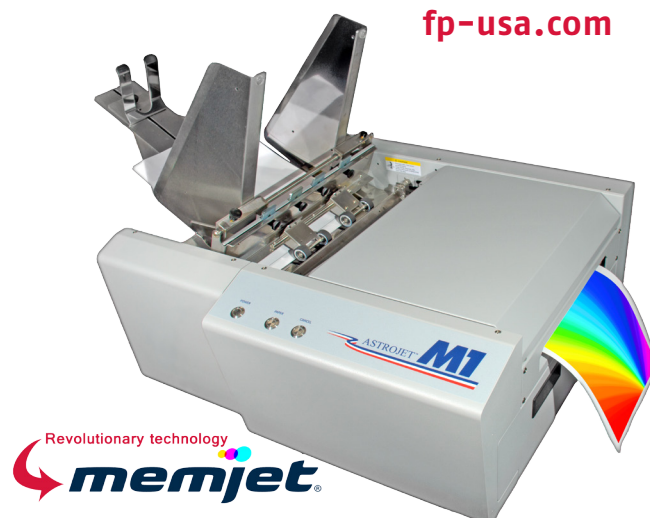

VARIETY OF APPLICATIONS

The M1 address printer has a variety of uses: return address, windowed envelopes, barcoding & addressing, company logo letterhead, invitations, greeting cards, invoices, and labels.

HIGH RESOLUTION PRINTING

With up to 16.8 million colors, the M1 has full bleed capability on pieces up to 8.5″ wide and up to 1600 x 1600 dpi.

Revolutionary technology
memjet®

SPECIAL FEATURES

- ▶ Integrated Printhead Maintenance Station
- ▶ 5 individual 250ml ink reservoirs
- ▶ Built-in top-load feeder
- ▶ Pressure roller transport system with star rollers
- ▶ Solid steel construction
