

## **New Patient Plan Contract - Summary**

After over 15 years of working with children with Autism, ADHD, Anxiety, Genetic Mutations, and other Developmental Delays, Dr. Skowron and his clinic, Pediatric and Family Center for Natural Medicine, have identified the testing and treatments to help your child the best.

This initial testing and treatment period consists of three months, 3-5 visits with our clinic, and the highest quality all-natural vitamin supplements. Anytime less than this with our clinic will provide subpar care and not provide you, your child, and family with the best results.

Starting 1/1/19, we are packaging our visits and all-natural vitamin supplements together to:

- Give you the best results possible
- Save you money

You have a choice of TWO different packages:

### **New Patient Basic Evaluation (\$1,000)**
