

It may seem like all we do is work. But don't let our little web page mislead you. While we work on the house a lot and we work from home, we find ways to get out safely during this pandemic and have fun as well. The following is a little bit of what we like to do when we are not working or working on the house.

Anabel bakes! This is a strawberry cake in the refrigerator. This is her favorite. She also makes coconut cake, peach cake, lemon bars, lemon cookies, and quesillo. Quesillo is like if a cheesecake and a flan got together and had a baby. It is delicious.

We take rides out to bird island in our 10' jon boat. Bird island is in the background. It is where all the birds roost at night.

This is the view of the wide part of the creek that we live on.

We also take the 13' Gheenoe out and go way up the creeks. A Gheenoe is like a square back canoe, except more stable. We usually use a trolling motor or paddle, but on this day, Dennis put the 6HP motor on it as a test. It was fast! But it was too much motor and a little too fast.

We see some cool things when we are out in nature. This is the mist on the water in the morning.

Seeing an owl when you are in the forest is the coolest thing ever. Three different ones here.

Sometimes we go for hours
without seeing anyone when
we are way up in the creek.

And
sometimes
we get
caught in the
rain!

We take the grandchildren on wagon rides up the driveway and down to the dock.

Sometimes they go in the “swimming pool” and sometimes we just chill on a dock blanket.

Anabel also likes yard art. She painted our tree face. His name is George. He is on our nature boardwalk that leads to the river. She used buttons for his eyes.

A shadow box Dennis built out of rebar and scrap wood for Anabel. It was hung under the careful supervision of Quality Control.

This is Huckleberry. We found him at an Ace Hardware on their outdoor pond display. He had been there over 50 years. We asked if he was for sale and no one knew. So, they gave us a pie in the sky price and to their surprise we said sold! He looked worn out and tired before Anabel painted him. He sits on the dock and greets you as you walk down the boardwalk. He never gives up trying to catch a fish.

Speaking of fish... We each got one at the same time! We catch and release.

This is a bass, a warmouth, and a spec.

We also hang out on the dock and watch the sunset.

Dennis takes walks in the swamp and takes pictures of cool flowers and plants. Anabel is not much for deep swamp walking. That is a little too much nature. She has her limits.

But the
number one
thing Anabel
does the
most is...
**SHE TAKES
SELFIES!**

She is like the Green Eggs and Ham book character Sam I Am.
Will you take one in a truck?
Would you, could you on a boat?

In a Gheenoe? With a statue?

In the creek? Would you, could you in the creek?

In the end,
Sam I Am
wins.

Us at the
marina.
