- MCCPTA Delegates Assembly – March 23

Committee Summaries

- “Celebration of Excellence”
 - Planning continues for a Thursday, May 27 virtual event.
 - Will be coordinating with Exec Committee for invitations to outside VIPs from MCPS, Board of Ed, Montgomery County Council, and others
 - Reaching out to our previous MCPS-TV partners to potentially pre-record elements. Base program will be to have awardee recognized by their nominator.
 - Will have full Zoom program recorded so that it can be shared with more.
 - Will incorporate Reflections student artwork in order to break-up a ‘talking head’ program.
- Reflections Program
 - Despite making sure that our student honorees were uploaded to a Dropbox folder for the state adjudication, all of the county councils were informed that the National PTA Reflections program did not receive any entries from Maryland. That indicates that no state program took place. There is an effort to have National PTA do something with the entries from the county councils so there is some consideration for the entries from across the state.
 - Recognition awards are being distributed to through local chairs.
- Awards Committee
 - Nominations being considered.
- Connect Business Challenge
 - Committee and partners are looking forward to continuation in 2021-2022.
- Cultural Arts Committee
 - Committee and partners are looking forward to continuation in 2021-2022.
