

The association is able to implement the 2020 Strategic Plan owing to a prudent and effective management of finances in the recent years.

In order to comply with the government regulations and public health advice, such as social distancing, the Association has decided to modify a number of teacher and student events:

- Hello Mandarin Recital Competition will **continue online**
- 2020 CLTFA Annual Conference in Darwin is **postponed to 2021**
- 2020 HSC Study Days **TBC**
- 2020 CLTANSW Annual Conference in the Hunter Valley **is cancelled**
- 2020 Chinese Language Spectacular **is cancelled**
- 2020 Xinweibei Chinese Debating Competition for Highschool **is cancelled**

The Association has decided to continue to produce the 2020 Trial HSC papers while the committee monitors decisions from NESA's COVID-19 Response Committee about any possible changes to 2020 HSC examinations. CLTANSW members are still encouraged to order the papers to assist with school based assessment and reporting.

The Association's committee is designing a number of online professional learning activities which can be attended live. Please look out for further information on these events.

The potential spread of the virus, school closures and/or reduced face to face teaching will dwindle the support from the Association to teachers, students and the community.
