MISSIONS TEAMS

Pleasant Hills Children's Home is blessed by various groups hosting mission's trips as our calendar permits. We are thankful to each group that donates their time and resources.

In 2016, 21 different groups hosted missions trips to Pleasant Hills. One specific group was the West Texas Women's Ministries led by Rev. Becky Nenstiel. This group blessed our campus with a prayer walk, painted the interior of a cottage, hosted a 50's theme dinner, a back-to-school chapel and game night. They also generously blessed our pantry with food and household items.

J.B. Daniel Dining Hall ~ NEW FLOOR~

How thankful we are to each donor that gave a gift to replace the floor in our campus dining room. The children love the inviting new atmosphere. Meals are served in the dining room each weekday and served in the cottage homes on the weekends.

COMMUNITY INVOLVEMENT

Pleasant Hills strives to develop the whole child by regular church attendance, solid academic preparation, a strong work ethic, healthy physical development and involvement in sports and community events. A group of our younger boys placed second in a scarecrow contest hosted by the Fairfield Chamber of Commerce. The scarecrow was displayed in the Fairfield town square in front of the Freestone County courthouse.

CHRISTMAS AT PLEASANT HILLS (a few photos of a wonderful Christmas celebration)

We want to express a heartfelt thank you to each person, church, organization and business that provided Christmas gifts. THANK YOU for making each child feel loved and special. Thank you for caring and sharing!

CURRENT NEEDS in 2017

How grateful we are for the generous support that allowed PHCH to minister in 2016. Yet, it is time to fundraise for the 2017 general operating budget. If you are able to help provide our food, electricity, clothing, gasoline, insurance and daily needs, please send a gift in the enclosed envelope. We never turn away a family in need that is lacking in funds. The kindness of friends makes it possible for PHCH to say YES, WE WILL HELP such as to the single mom who was hospitalized for illness, lost her job and home and desperately needed a home for her two young children. They are now thriving in the loving care at PHCH.
