

Presented by  | 

Company Name: Eagle CDI Inc.

Speaker: Dan Mitchell

Presentation Title: New Homes

HBI Instructor, Educating Consumers and Professionals

Dan attends Log and Timber home shows throughout the country teaching builders and consumers about the Log and Timber industry. He is a consultant to other builders within the industry related to modular, panelized and concrete construction, along with Log and Timber construction.

Dan creates a positive customer experience through education, innovation, and quality of construction. Over the years Dan has attended the International Builders Show where the latest and most innovative products are displayed. He has been a leader of bringing those new and innovative products to east Tennessee market, such as the use of smart home technology, utilizing ICF foundations, on-demand hot water systems, Geo Thermal, solar systems, fiber cement products, LED lighting, and a host of other state-of-the-art products making clients' homes unique to this area.

Dan been an educator and speaker for the Building Systems Council at IBS, 2008 - present.
