

Is your X-ray film storage cramping your valuable floor space and time consuming to index or audit?

In a matter of days NDT-PRO will free up your idle space allowing you to increase your operations and revenue generating floor plan.

Before

After

NDT-PRO bringing technology to the market

Simply ship your pallets of film to one of our locations and within days you will receive a digitized and cataloged copy on your choice of media (CD, *USB Stick, Dropbox). The original film is properly disposed of through our green recycling program.

*Additional \$10 will be added for each USB stick required
