

MAKING HEALTHY MEALS HAPPEN FOR KIDS

Annual
Food for
Thought Campaign

THE LANGLEY SCHOOL DISTRICT FOUNDATION IN PARTNERSHIP WITH THE FOOD FOR FAMINE SOCIETY HAS EMBARKED ON A MISSION TO HELP FEED LANGLEY SCHOOL DISTRICT STUDENTS HEALTHY AND NUTRITIOUS MEALS EVERY DAY.

Annual **FOOD** FOR **THOUGHT** Campaign

throughout the month of **AUGUST**

MORE THAN 3000 CHILDREN IN LANGLEY COME TO SCHOOL HUNGRY EVERY SINGLE DAY. THEY HAVE NOT HAD BREAKFAST AND THEY DO NOT HAVE A PACKED LUNCH.

THE LANGLEY SCHOOL DISTRICT FOUNDATION has embarked on a partnership with the **FOOD FOR FAMINE SOCIETY** on a mission to help feed all hungry kids in the Langley School District. It may surprise you to learn that 100s of Langley students arrive to school hungry, having had no breakfast and without a lunch. Hungry kids cannot learn. It doesn't matter how good the teacher is or how smart the student is. If the child is hungry, they might as well be asleep. They will never learn on an empty stomach.

BUT THERE IS HELP.

Gradually people and businesses are starting to realize that hunger is an issue in Langley. Already Re/Max Treeland, Otter Co-op, Nature's Fare, Langley Rotary and Peninsula Runners have stepped up to the plate. In the last month Starline Windows and Vitrum Industries have made significant donations to the program and the Langley Township Firefighters' Charities have pledged to take on two schools this year with plans to expand the program as far as they can. It has become a community effort and with that comes awareness, hope and solutions. With your help we will ensure that EVERY child can enjoy a healthy and nutritious breakfast and lunch. Students will be happier and healthier. Marks and attendance will improve. The results will amaze you.

**COMING TOGETHER IS A BEGINNING. KEEPING TOGETHER IS PROGRESS.
WORKING TOGETHER IS SUCCESS.**

Please help us help our children. We have a goal to raise \$50,000 per year - an amount that would ensure that every Langley student receives a nutritious breakfast and lunch. That amount would also allow us to initiate the GARDEN to TABLE PROGRAM where schools build greenhouses and gardens. Students learn to plan and build gardens and greenhouses and to plant, grow, harvest and prepare their own food from start to finish.

WITH YOUR HELP WE CAN MAKE OUR DREAM YOUR REALITY.
