She also thanked the Claycomo Baptist Church for sponsoring the lunch for all the workers and to Phillips 66 for donating the water and ice. She shared there had been a fire to a home on Meadowbrook recently and the home owner had been interviewed on TV thanking the Claycomo Fire Department for their prompt response and assistance. She reminded the residents of the upcoming Car Show on Friday, May 1 and the Pancake Day on Saturday, May 2.

Trustee McClure, as the Board liaison for the EDC, provided a brief summary of all the activities the EDC had addressed since being re-established about 6 months ago. Some of the activities include a discussion with Winnetonka High School about creating a new logo for the Village; a survey to the business owners to begin re-engaging discussion with them; re-looking at the previous 69 Highway Corridor Plan for ideas on development in the Village; and a study on establishing a 501c3 non-profit. All the activities being planned are leading up to the 70th anniversary for the Village which will be in November of 2016.

He would provide the recommendation for approval of the Board at the next meeting. He introduced Dennis Schmidt and Sean Hamilton. Mr. Dan Baumli, resident asked what the Blue Book value of the car was which Chief Coonce indicated he did not know but would find out. Clerk King reminded the Board that we would be hiring a part-time Public Works employee shortly and that Public Works would need a second vehicle to support Village business. The matter was tabled to allow the Board time to further review the options.

NEW BUSINESS:
Mr. Dennis Schmidt, resident, asked why there was payment to the IRS. Clerk King explained this was a penalty to the Village for not submitting employee W-2’s to the IRS in 2009. The Village had been notified of this penalty in 2011 but had not been brought to the attention of the Board. In 2013, Asst. Clerk Crossley became aware of the penalty notification and researched the history. Upon her leaving the employment with the Village, she alerted Clerk King to the situation for handling. Clerk King had attempted to contact the payroll company used by the Village at that time but they were no longer in business. He also contacted the IRS to see if the penalty could be waived with no success.

Mr. Dan Baumli, resident, asked for explanation of how much of a surplus there was from the FY2014-15 year. Clerk King stated it was nearly $75,000 which had been published in the semi-annual report. Mr. Baumli asked about the status of the Park Board. Clerk King stated that 4 residents had expressed an interest in participating and their initial meeting was scheduled for the next night.

Ms. Marj Finley, resident, asked the Board to review the current ordinance for animals and chickens suggesting it may need to be updated from its current language.

Chairman Pro-Tem Barker replied the Board would consider asking businesses to participate. Ms. Calligan reminded everyone that Memorial Day was May 25 and a Board meeting was scheduled for that day. The Board agreed to move the meeting to Tuesday, May 26th. She asked where the funds for the Pancake Day went. Chief Stewart explained the event was sponsored by the Fire Fighters Association and any excess donations received went to their fund.

Mr. Edward Koepheffer, resident, asked that the Police monitor the parking along Park and Randolph. Because of the baseball field there are many families using the field are parking along the two streets and block access. Chief Coonce stated he would make sure his officers were monitoring the situation.
Trustee McClure asked if a list of the committee members along with a copy of the ordinances and employee handbook could be given to the new Board members. Clerk King will provide these documents to the new members.

Discussion followed. Trustee McClure asked that the last sentence in section 18-87 be changed to delete “when lawfully defending his person or property” and modify to state, “while in the performance of their duties”. Mr. Jason Bush, resident, asked why after all the years the current ordinance had been in place what was the reason for the change? He was registered with the Conservation Department and has always shot his bow and arrow on his property without incident. The Board discussed the two separate issues; one, hunting in the Village; and two, the use of practice arrows. The presented ordinance was tabled until the next meeting to allow the Board to research further.
