Time / Date: Varied (3 hrs.)

CIMCE/CEU Credits/Hrs. Three (3)

Location: Varied

Instructor: Jeff Torres, Interpreter Training Group

Method of Delivery: Non-Instructor Led/Self-Study

Course Description:

This **Non-Language Specific** Three (3) credit hour, **non-instructor led course**, will familiarize today's Interpreter with common terms and meanings associated with the current "Gen Z" Population. These individuals were born between 1995 and 2010 and represent a large populous of individuals who are currently in the Judicial "system". Like many of the "generations" such as the "baby Boomers", "Gen X" and the "Millenials", these individuals have slang and terminology specific to their age and generation. "**Cap**", "**Fire**", "**Slaps**" are just a few of the hundreds of terms and acronyms currently used by Gen Z Californians and others throughout the United States. Terminology and acronyms from this generation oftentimes end up being part of court proceedings and testimony by witnesses, suspects and victims.

Through a combination of provided video resources, self-guided terminology exploration, definition/word matching and photo/term matching and "True & False" questions, the language professional can expect to gain a better understanding of terminology and phrases commonly and not so commonly used in today's courtrooms. This course will require the Interpreter to have the means to access the internet to research and discover the terminology contained within the Non-Instructor led class, This "self research" in turn, will allow the Interpreter to select the correct answer given in the course.
