## President French's Message

Presidents Message April 2019

*I started off last month's letter with "The Hot Rods are coming the Hot Rods are coming!!*

*And yes they did, and they just kept coming and coming till we had 242 great looking cars and trucks all over the parking lot! There were so many to judge Joe Bob had to call in the CCC Reserve in order to judge all the entries! Thank you, thank you!*

*Not only was there a line of cars coming in, there was constant stream of folks getting popcorn and drinks. So many in fact when I went to get some popcorn I ended up passing out popcorn as fast as Pat could bag it. In fact, she popped a whole case of popcorn and the drink ladies sold 88 cans of pop and 32 bottles of water during a cool evening. Awesome job ladies!!*

*If you didn't already purchase your Large or X-Large Safety Green T-Shirt, well, ya missed the boat like me. The Crazy T-Shirt ladies sold 48 T's and we are down to just over 100 T's in stock! So if you have procrastinated on buying your 2019 T you better get yours at the next show. And if you want Safety Green, let me know so I can plan the inventory.*

*This year we changed things up and I asked all of you to get up and mingle with the participants and thank them for attending our show. Then we followed up with thanking them as they were leaving the show for the evening. I thought y'all were awesome in doing that. I know that surprised a lot of folks because they were telling me how they had never been thanked before! Do you think they told their buddies? Awesome, simply awesome! Great job everybody and I mean everybody. This show doesn't just magically happen, it takes all of us working and pulling together to make this look easy to the participants! They have no clue how hard you work!*

*Final thought:*

*If you were impressed with the shows turnout, share it with others, be proud.*

*If you worked hard with/for your fellow members, be proud of your team work.*

*If you left wore out, hungry and ready for bed but you had a smile on your face and warm feeling in your heart, thank God for the opportunity to serve others.*

President

## Vice President's Message

***WE DID IT! One show down seven more to go.***

*I don't believe it could have gone any better. Everyone pitched in during set-up and tear down and that is greatly appreciated. The ladies at the registration did an outstanding job as did our t-shirt crew, folks serving refreshments, those working the front gate, and Bobby and Carolyn supplying entertainment. Thanks goes out to Joe Bob, Wayne and James at the judges table, we couldn't do a show without you. Lastly, thanks to everyone that helped to judge the 204 vehicles that came to the show. I believe we completed judging earlier than usual and but for a few delays at the end were ready to hand out awards to the participants early.*

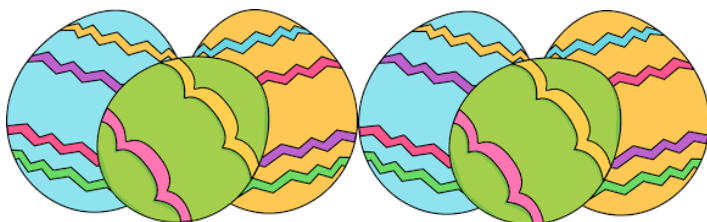

*Registration went incredibly smooth considering all the changes we had in classes. Of the 204 people entering vehicles I had only one person that was upset and he quickly calmed down when it was explained what we did and why we changed years in each class. His anger changed to "will this speed up judging?"*

*I think having a judge's meeting before we began, to talk about what to judge and how to assess points on the merit of the car and not on how "pretty" it is, helped. In going through all the judging sheets, for the most part it looks like most of the judges adhered to the idea of awarding points for merit. There are still a few that gave every car they judged virtually the same high score. We may have to work on that.*

*At the race track, before every race there is a driver's meeting to explain the rules, even if everybody already knows them. We need to do the same thing, so prior to judging at our shows there will be a judge's meeting at the trailer at 6:00 PM. EVERYONE that is going to judge needs to be there for a quick discussion.*

***Thanks for all the hard work!***

***Butch***

## JB & Susie Go Down Under

Susie and I spent the month of January down under. It was interesting to see the classic cars out on the road. Primarily on Sunday's. In New Zealand we saw a number of cars on the road. Some were Streetrods and some were 50-60 eras. Most of the time they were approaching us in the oncoming lane and I had no time to get a photo. But on one occasion we were at a stop sign and there they were. Two Chevrolet's parked while the owners had a pit stop. See if you can spot anything different about the cars.

Also on our ship they had a meeting of anyone interested in classic cars. So I attended. I met a fellow that was the president of a Sydney car club. I took one of our new 2019 club shirts and I gave it to him. Susie saw him wearing it on the ship latter in our cruise. Most of the people (both men and women) were European car owners. But they were equally enthusiastic about their cars as are we.

*I would like to have a space in the newsletter for people who have items for sale. We will start with car related items and see how that goes and hopefully move on from there. Please send me a photo, description and your contact information to [cccruisersnews@gmail.com](mailto:cccruisersnews@gmail.com), or call me at 940-395-5981.*
