

Troop 146 Campership Fund Application (rev 10-2023)

Troop 146 is fortunate to have friends who support our Scouts so that non miss out due to financial hardship. The Campership Fund is comprised of donations and is not part of the general Troop funds.

To be considered for Campership Funds, Scout families must complete this application. Additionally, if Scouts are applying for funds in connection with summer camp or high adventure trips, we ask you also apply directly to those programs for Campership funds prior to applying to the troop.

We ask all families requesting Campership assistance consider that this Fund must be preserved for all in order to continue to help future families. Therefore, a family contribution, even a small amount, should be considered. In addition, Scouts and their families can contribute other than financially such as demonstrating Scout Spirit through volunteering with Troop activities and events and participating in our fundraisers.
