

## How to Report Threats to Mather Preserve

Mather’s wetlands and vernal pools are so rare, precious, and sensitive that their critical habitats are protected by a “**preserve**” designation. Therefore, it is a crime to damage anything within the preserve. Violators are subject to prosecution and fines. Reported activity increases justification to fund additional Ranger patrols and staff.

**See something? Say Something!** If you witness **any** of the following activity that could pose a threat to the Mather preserve, then please report it according to the following instructions.
