● **JANUARY 19 & 26**

Use intermingling **COLORS**—explore your **COLOR** awareness and your unlimited creative potential. An expressive painting can become a **BACKDROP** of ground **COLOR**.

● **FEBRUARY 9 & 23**

PAINTING TIP: Create with **Principles of ART**—using these principles, like tools, to organize the **Elements of ART** (Line, Shape, Form, Color, Texture, Space, Value).

● **MARCH 9 & 16**

PAINTING TIP: Create the **COMPOSITION** with a framework for painting, plus form; then add color harmony to balance. Learn how to adjust the subject and space shapes for an intense **COMPOSITION**.

● **APRIL 6 & 30**

PAINTING TIP: Create and approach the same subject in different ways. What are you passionate about? Develop your **STYLE** and experiment with technique, building brush confidence. Take your painting to a whole new level using brushstrokes to create different effects.

● **MAY 4 & 18**

PAINTING TIP: Create with expressive bold **BRUSHSTROKES** and vivid color, through a layering process. Learn how to perfect the layering process by adding depth and detail, refining each layer. Complete the painting with a multi-layered finish.
