

# Franchise Reimaging

---

## Reimaging Made Easy

Falcon Financial Services specializes in financing for the franchise market. We've worked with many national and regional concepts providing their franchisees conventional loans/leasing, SBA loans and short-term working capital. Our wide array of options assist new and existing franchise owners the opportunity to secure the capital they need to start and grow. Our clients have grown to appreciate the flexibility that we offer and our ability to get things done.

Unlike other programs, Falcon's reimaging program allows you to more easily cash-flow all of the costs associated with your reimaging project including the soft costs like labor. We'll help you conserve your cash and show you how easy financing can be.

### Program Highlights:

- We can approve up to \$250,000 within 24 hours from a one page application. Larger projects may require additional financial information to move forward.
- We can finance most everything associated with your project including: equipment, furniture, lighting, POS systems, signage and all or most soft costs
- To qualify for this program we require you to have been in the current system for a minimum of 2 years
- Terms range from 1 – 5 years
- Save your cash, we only require the first & last payment to be made once your application is approved and a small documentation fee
- We will work with all of your suppliers and provide any deposits that are required to move forward
- We have competitive rates and the flexibility to meet your individual needs
- We have the experience and support to help you make the best choice for your business today and the future

If you're a current franchise owner looking to update one or more of your locations, give us a call. We'll help you conserve your most important asset, cash and budget the entire project for up to 5 years. We're confident that we can help you and we'll work hard to earn your business.
