

Our hearts are the most important part of our human make up, both in the natural and in the spiritual. Our hearts are the factory of our life, and it produces everything that we are and everything that we have. Jesus said, "A good man out of the good treasure of his heart bringeth forth that which is good; and an evil man out of the evil treasure of his heart bringeth forth that which is evil..." Luke 6:45. So we can see how vitally important our hearts are, and how vitally important it is to know how they work and just like our natural hearts, how to keep them working properly.

In this 7 CD set, Dr. Hohman teaches, "How to heal a broken heart"; "Humility of heart"; Building right heart treasures"; "Building bigger hearts"; "Testing the heart"; and "The established heart" (part 1+2). Remember a very wise man once said to, "Keep thy heart with all diligence; for out of it are the issues of life." Proverbs 4:23
