WHAT IS THE CIVILIAN MARKSMANSHIP PROGRAM?

The Civilian Marksmanship Program (CMP) is a national organization dedicated to training and educating U. S. citizens in responsible uses of firearms and airguns through gun safety training, marksmanship training and competitions. The CMP is a federally chartered 501(c)(3) corporation that places its highest priority on serving youth through gun safety and marksmanship activities that encourage personal growth and build life skills.

History

The Civilian Marksmanship Program traces its origin to 1903 when Congress and the President established the National Matches and National Board for the Promotion of Rifle Practice. The program gave life to a concept advanced by President Theodore Roosevelt and several other national leaders that marksmanship skills developed through regular practice and competition contribute to the nation's defense.

Opportunities to Buy

CMP offers many opportunities to buy – and service – vintage rifles, including direct sales, auctions and custom gunsmithing. The federal authorizes the Corporation to sell surplus .30 and .22 caliber military rifles, parts, and ammunition to qualified U.S. citizens “for marksmanship”. Accordingly, the CMP sells government-surplus M1 Garands, .22 caliber target rifles and small quantities of other rifles to qualified purchasers.

[Inside Federal and Remington with CEO And Chairman Jason Vanderbrink](#)

American Rifleman Posted on 01/03/2025 by Mark A. Keefe, IV, Editorial Director

(Click the link above to read the full article)

The Czechoslovak Group (CSG), based in Prague, Czech Republic, acquired the stock and took private ownership of the ammunition side previously of Vista Outdoor, known as The Kinetic Group, on Nov. 27, 2024. It is comprised of Federal Premium Ammunition of Anoka, Minn., Remington Ammunition of Lonoke Ark., and Speer and CCI Ammunition in Lewiston, Ida. The deal also included Alliant Powder and HEVI-Shot. The non-ammunition products of Vista split into a stand-alone public company, Revelyst at the time of the CSG acquisition.

But what does this mean for NRA members, American consumers and the employees that go to work every day at three of America's largest ammunition manufacturing facilities? Editorial Director Mark Keefe sat down with Jason Vanderbrink, CEO, and chairman of The Kinetic Group—and the man that engineered Remington Ammunition's revival and recovery—to find out what you need to know. Vanderbrink is an industry veteran, a serious hunter, and a proud Benefactor Life member of NRA.
