

Film Industry Rentals, Installation Services and Sales

CHRISTMAS DISPLAYS AND TREE LIGHTING

For over 25 years, Star Illuminations has offered the film industry, municipalities, business associations and property managers in Greater Vancouver a comprehensive, sales, custom fabrication, turnkey rental and installation service for outdoor holiday décor and lighting.

Our company offers a full line of traditional and modern outdoor holiday display materials that include:

- An extensive inventory of incandescent (and LED) lighting products
- Exterior mounted Christmas ornaments
- Over-street decorative features
- Custom illuminated lighting and décor creations

RENTAL:

With over \$750,000 in inventory, we offer a comprehensive rental program. No rental is too large or too small. Our warehouse is conveniently located in Port Coquitlam and we offer drop off and pick up options.

INSTALLATION SERVICES:

Using our own Bucket Trucks and work vans, our professional installers install, and then at the end of the shoot, remove the temporary decorative lighting and holiday displays. This provides you with a fixed, predetermined cost, including all labour to install and then remove the lighting and décor. Our staff have years of experience working with film crews and understand what it takes to successfully meet the needs of the Set Designer, the Set Decorator, the Locations Manager and the Director of Photography.

SALES:

We carry an extensive selection of commercial-grade, seasonal lighting and décor items. With two full-time welders and a full time display assembly staff, we can also custom design and fabricate displays and large decorations to styles and sizes of your choosing (eg. +50' trees and +20' décor items).

SAFE WORK PRACTICES:

We work safely and we make sure our installations are safe. All our work is covered under our \$5 million Comprehensive General Liability policy and we have WorkSafeBC GoldStar Clearance status.

REFERENCES:

We've provided lighting to dozens of films, TV productions and commercials. Please contact us for references.
