Unilock® provides a Transferable Lifetime Guarantee on the structural integrity of our paving stones, slabs and retaining wall units for residential use. Any materials installed and maintained to our guidelines, and subject to normal wear, that prove defective, will be replaced without cost. Color matching cannot be guaranteed and replacement labor is not included. Registration is required.

Town Hall has been designed to satisfy both traditional and permeable installation methods while maintaining a historical worn and distressed appearance.

The intention inherent to the design of this product is the use of blended colors during installation to mimic heritage brick pavers. Quickly named 'the Street Paver,' this product is an ideal alternate to clay pavers due to its strength, availability of supply, ease of installation and the vintage streetscape charm it creates.

Manufactured in North America

PRODUCT TECHNOLOGY

Reala™ Surface Technology

Ultra-realistic textures cast from natural stone, brick and historic cobblestones.

Ultima™ Concrete Technology

This proprietary manufacturing process creates pavers and walls with up to four times the strength of poured concrete.

ENDURACOLOR™ PLUS

EnduraColor™ Plus products promise long-lasting beauty through a proprietary blend of exclusive and superior ingredients. A complex blend of granite and quartz, some of nature's highest performing minerals, are combined with non-fading color pigments that hold fast under UV light and extreme weather conditions. This combination is used to create ultra-realistic surface textures and unique style options that are exceptionally durable.

Unilock® EnduraColor™ Plus. A new standard for everlasting beauty.
