Losing a loved one is a profound experience, there are so many emotions. I recently lost someone very close to me and as I was going through it, I noticed that those around me were having a very different experience. I was being told what to expect from Spirit and how to answer questions that I had. I was told how to handle the extreme pain and turn it around. As difficult as it was, it was also glorious. I'd love to share the experience with you and give you some ideas and exercises on how to have a blessed experience while you are grieving.

HOLISTIC HEALING CENTER

Private sessions for holistic modalities:

Reiki is Universal Life Energy that treats the whole person: physically, emotionally, mentally and spiritually. A Reiki treatment is a powerful but gentle catalyst to healing. Treatments are very relaxing and stress reducing. Reiki promotes movement when feeling stuck or blocked. Regular treatments can help manage chronic conditions. We offer a variety of Reiki styles including Usui, Karuna, Multi-Dimensional/Healing & Holy Fire III Reiki.

Hypnotherapy is a state of intensified attention and receptiveness with an increased responsiveness to an idea. Assists in increasing motivation and/or altering behavior patterns such as smoking or pain management, resolving anxiety and phobias, heal childhood/traumatic past, regression therapy, etc.

Integrated Energy Therapy provides gentle yet powerful support for survivors of childhood traumas such as abuse, alcoholic and dysfunctional families. Clears energy blocks that limit your purpose, prosperity and creativity. Painlessly identifies and releases suppressed feelings / core cellular memories.

Magnified Healing heals the nervous system, heals and stimulates spine, heals karma, cleans and clears the chakra system and heals the light body and prepares one for ascension. Heals the Earth. High frequency healing from God Most High of the Universe.

Soul Retrieval reclaims "parts" of self via journeying, hypnosis, to bring more balance and wholeness to you and your life. Facilitates recovery from trauma, PTSD, addictions, abuse, etc.

Trance Healing is a form of spiritual healing in which the energy comes directly from Spirit. During a Trance Healing session, the healer blends closely with the spirit world while in an altered state of consciousness (trance) achieved through deep meditation. Through this connection with Spirit, the healer is able to bring forth a powerful method of healing that is transferred from spirit through the aura of the medium to the client. The altered state of the healer's consciousness is what makes Trance Healing different from traditional hands-on healing methods.

Akisni is a Native American energy healing modality that balances the four quadrants of the body and the shadow selves as well as the electrical body through specific touch points that are activated on the body, both hands-on and hands-off, to bring healing and wholeness. It is a gentle, non-invasive energy that works well with other energy healing modalities to bring balance to the energy centers of the body.

Additional Services: Past Life Regressions, Inner Child Healing, Crystal Healing, Flower Essences, Hypnowaving, Earth Medicine, etc.
