Motion by Hagstrom and seconded by Zemlicka to adopt the agenda. All members voting yes. Motion carried.

Motion # 012-2025

Rezoning on North Cloud Street

The Council got a request from Brent Forest to rezone his property on the east side of North Cloud Street (Lots 1 and 2 of OL 44) from Residential to Industrial and to give his business a Conditional Use permit, since the lot is 22,500 square feet and the required square footage in Industrial zoning is 30,000 square feet. After visiting with Luke Muller about this, Flora said that Muller had stated that if the Council decides to go ahead with the rezoning of Forest's land they should also do the lot to the north of it (OL 43). It is just a narrow lot that is owned by Clark County & is attached to their other lots which are all zoned Industrial, At the moment that lot is zoned Agricultural. After the discussion, Hagstrom made a motion to start the process to rezone those two lots and also the process to allow a Conditional Use permit for Forest. Dohmann seconded the motion. There was a roll call vote and everyone voted yes. The motion passed. The first reading of the ordinance will be at the March 3rd meeting.

Public Input

As there was nobody present for public input this item was passed over.

Department Updates

Altfillisch asked for permission to buy a tree puller to help with drainage clean out. The Council agreed that it would be money well spent. Altfillisch would like to look into billing businesses for snow pile removal, some research will be done to see how much was billed in the past and this will be discussed again during the March meeting. He will be at classes in Watertown for three days next week. He also reported that the skating rink is open and will be open as long as the ice is good.

Rusher reported that the Club house will be opening at the beginning of April. They will have sign up days with a 10% membership discount on April 12th and 13th. She discussed the need for

the carpet to be cleaned before opening. She asked when the new well will be put in and Dohmann said we are on the list for this year but he doesn't have a definite date yet. Mayor Kline asked if the Course people had cleaned out shed five yet so people could use that for parking their golf carts, but Rusher was not aware that that had been discussed or if it had been done.

Fitzgerald discussed the new water meters and how now that they are all in and functioning they are really helping with finding leaks. Her and Altfillisch just found two significant leaks in the last month.

Mayor Kline talked about the new feature she is doing on Facebook Live. It is called Coffee with Keri and even though we only had six watch during the actual live session, the count is now up to over 1000 views. She is hoping to get more people to watch it and interact with her by asking her some questions. She also wants to introduce different City Council people and employees during this time. Watch the City's Facebook page for more details on dates and times for this.

Public Hearing was held to allow proponents to comment on the amendment and opponents to comment on the amendment.

Discussion on amendment to Zoning Ordinance

Discussion was held and questions were answered by Flora on the reasoning for this amendment. Flora stated that the way the ordinance reads, at this time, the lot purchased by Forest would not be big enough for the building he would like to build to store his equipment in. This amendment would allow for the building to be built, by conditional use, as long as he could meet all the required setbacks and other rules that the zoning ordinance puts on Industrial property.

Public Hearing

Public Hearing was held to allow proponents to comment on the amendment and opponents to comment on the amendment. Dennis Robinson was there and had questions regarding if his taxes were going to go up because of this. Once he was assured they would not, he seemed fine with it.

Discussion on amendment to Zoning Ordinance

Discussion was held and questions were answered by Flora on the reasoning for this amendment. Flora stated that these two lots, potentially being rezoned are right next to quite a large area that is already zoned Industrial and it only makes sense to change its zoning to the same as the lots next to it, so it can be utilized for business purposes.

Department Updates

Rusher reported that the Club house will be opening soft hours at the beginning of April, Wednesday through Friday they will open at 4pm. and weekends at 11a.m. They will have sign-up days with a 10% membership discount on April 12th and 13th. They painted the front part of the inside of the clubhouse.

Altfillisch said that Halme was in town finishing up some graveling and are hoping to begin asphaltting in April but he thinks that estimate is a little early. They removed some trees at Flat Iron Park and will replant some. They will be doing some work on the retaining wall in that park, also.

Flora discussed working on the rezoning process for the earlier hearings from tonight and her and Hagstrom are working on getting a handout from First District that will better explain the zoning process when people come in with questions. Her office has been working on the transfer

of the liquor license for the Clark Lanes. She has been working to help Cassi Kottke find some different funding options for the pool. The Pool has 13 lifeguards, a manager and two assistant managers this year.

Motion # 056-2025

Elect Vice President

Motion by Hagstrom and seconded by Zemlicka to nominate Brandon Kottke as Council Vice President. All members voting yes. Motion carried.

Public Input

Nesheim said that she had been contacted by Troy Grensberg about the shape of South Smith St. He stated that it doesn't make sense that the most traveled road is not the first road to be paved. Altfillisch stated that the reason they are doing South Cloud St. first is because it is a detour for South Smith St. and it has to be done before they do South Smith St., so they can have the detour up and running when they close South Smith St. Also, Grensberg wants the street watered and said that he will continue to water it, until the road is done. Altfillisch said that if Grensberg continues to water it, it will push the paving that much further out.

Department Updates

During department updates, Wellnitz said that the city surplus items are up on the Purple Wave Auction site and the stuff that was listed on Purple Wave is up at the dump ground in case

anybody wants to see it. Wellnitz also stated that the south siren is working now but they are still having some issues with dispatch not being able to set off the siren, so they are still working on that. Wellnitz said he has had multiple complaints about the speed limit sign on east Hwy 212, however, it is the consensus of the council that since it is out of city limits, that is up to the county to make that change, not the city.

During Altfillisch's department update, he said they are starting to pave on 5/6/25. Mayor Kline asked to have the trees trimmed over the pickle ball court. Also, Altfillisch said that the Flat Iron Park cement is done now.

During Flora's department update, she talked further about possible ways to pay for a loan for the pool, if that is the way the city council chooses to go. About the only way we are going to be able to make the loan payments is by passing an opt out. This will be discussed further at the next meeting.

Rusher reported that shed 5 is cleaned out and is now rented out for storage of some members golf carts. They had a busy weekend this past weekend and tournaments will be starting at the beginning of June.

Motion # 068-2025

Adopt Agenda

Motion by Kottke and seconded by Nesheim to adopt the agenda. All members voting yes.
Motion carried.

All stood and recited the Pledge of Allegiance.

Public Input

Catie Noethlich talked about the revitalization of main street, welcome packets for new residents and new parents and Clark County giving Choose Clark County \$20,000. Noethlich is also working on a number of grants, getting a Women's Meet Up going during the Farmers Market and planning a Clark Community Forum in September.

12U Baseball Field Update

David Warkenthien has donated land for the new baseball fields. These two ball fields will fill a significant need in our community. Our summer rec program has a large number of participants and teams and has outgrown just one field. Once it is done the committee would like the City to take it over and CABS to do the upkeep. They would like the City to do the roads, water and sewer. They should have an amount they would like to see the City put into the project, by 6/13/25.

Department Updates

Altfillisch informed the council that they are finishing up the patching on the south side of town. They are working on getting the pool ready, hopefully by June 14th. Hagstrom asked him about the north end grass. Altfillisch assured him that they haven't started the north side grass yet, but the reseeding is coming up. Kottke requested that all of the City Council look at the finished water project and approve it before the final payment is made. They all agreed to do that, since there have been so many issues with the project. Hagstrom stated that anybody with complaints, should file a written complaint at City Hall, so they can be taken care of before all of the construction people have left town.

During his update, Wellnitz stated that the CCR Run went well; he is putting together a community-wide scam program; and our Purple Wave sale went well and we should have the check within a few weeks.

Flora gave an update on things going on in the City Hall office. She stated that the 2024 annual report is finished, has been filed with the state and published; both Flora and Fitzgerald will be gone at HR School and Finance Officers School and Tara Thomas will be in the office while they are gone; they are learning about opt outs; getting the fireworks display set up and learning about the ins and outs of conditional uses, when it comes to chickens.

Nesheim brought up that she has had multiple parents complain to her about kids from other towns playing in the City leagues. She feels like that is something we will have to discuss for next year's program.

With Tammy Rusher out of town, Dohmann gave the golf course report. He said that the irrigation system is fixed and the new well installation should be started within the next few weeks. The Clubhouse has been very busy.

The tax applies to the gross receipts of all persons engaged in business within the jurisdiction of the City of Clark, South Dakota, who are subject to the South Dakota Retail Occupational Sales and Service Tax, SDCL 10-45 and acts amendatory thereto.

SECTION 3. COLLECTION. Such tax is levied pursuant to authorization granted by SDCL 10-52A and acts amendatory thereto, and shall be collected by the South Dakota Department of Revenue in accordance with the same rules and regulations applicable to the State Sales Tax and under such additional rules and regulations as the Secretary of Revenue of the State of South Dakota shall lawfully prescribe.

SECTION 4. INTERPRETATION. In addition, all such collection remedies authorized by SDCL 10-45, and acts amendatory thereto, and SDCL 10-46, and acts amendatory thereto are hereby authorized for the collection of these taxes by the Department of Revenue and Regulation.

Effective Date: January 1, 2026

Revisit Conditional Use Procedures

Discussion was held on whether the City should require any persons asking for a conditional use to get 100% of all adjacent property owners or if it should be a smaller percentage, since there also has to be public notice and a public hearing. It was decided to table this discussion at this time.

Motion # 073-2025

Authorization for Signing RKM Fireworks Agreement

Motion by Nesheim and seconded by Hagstrom to approve the signing of the RKM Fireworks Agreement by the mayor, council president and finance officer. All members voted yes. Motion carried.

Motion # 074-2025

Authorization to Pay League Fees for Majors Instead of Coach

Riley Dandurand requested that the City pay the league fees for the Majors baseball team instead of paying him his coaching salary. This will save the City about \$25. Motion by Nesheim and seconded by Kottke to approve this request. All members voted yes. Motion carried.

Swimming Pool Update

Cassie Kottke was in attendance and gave an update as to where the CCAC committee is in their fundraising efforts. She stated that they have raised roughly \$1.1 million and have grants pending. Ralph Wagner's proposal was looked at and discussed. Todd Warkenthien, a new member of the committee, spoke on what he has been doing to educate himself, since joining the committee. Other options are being looked at, but since the City has a contract with Burbach Aquatics, it was decided to keep going with the fundraising until and unless it is decided that this is absolutely not feasible.

Resolution for Property Tax Opt Out

There was some discussion on passing a resolution for a property tax opt out, in order to make the payments on a loan, to get the building of the new pool going. After much discussion, it was decided to see how the fund raising goes and talk to the Council's constituents to get their opinions and maybe hold some informational meetings. The Council is sensitive to the community members current tax burden and would like to take more time before coming to any decisions that may affect that burden. This may have to be looked at again next year.

City of Clark Council Meeting July 7, 2025

Call to order: The Clark City Council met in regular session on July 7, 2025, at 7:00pm in the City Hall Council Room.

Council Members Present: Shane Hagstrom, Andrew Zemlicka, Brandon Kottke and Derrick Dohmann. Nesheim and Dalton were absent.

Others Present: Mayor Kerry Kline, Finance Officer Rae Jean Flora, Deputy Finance Officer April Fitzgerald, Public Works Supervisor Darin Altfillisch, Golf Clubhouse Mgr. Tammy Rusher, Luanne Warren, Dennis Thompson with Cassi Kottke and Teresa Reidburn attending via Zoom.

Mayor Kline called the meeting to order at 7:00 pm.

Motion # 080-2025

Adopt Amenda Agenda

Motion by Dohmann and seconded by Kottke to adopt the amended agenda adding Resolution #877 to item #6. All members voting yes. Motion carried.

All stood and recited the Pledge of Allegiance.

Public Input

Luanne Warren spoke about her water issues from the runoff on the easement between her and her neighbors, that the City owns. She spoke about how the water runoff is damaging the stability of her fence on the south side of her property. It was decided that the City will start by leveling the easement off and maybe dig a trench down the middle to see if that will help the drainage follow the natural flow of the water.

Dennis Thompson was also there about the drainage surrounding his property. With the construction of the new motel combined with all the rain we have had he has a muddy mess and standing water all around his property. As he is not getting anywhere with the owners, of the new motel, the city has agreed to contact them, because it was a stipulation of the rezoning of their property, that they drain the excess water from their property to the storm drains along Hwy 212. Also, the City will contact the owners of the trailer park behind the motel, as they have stuff on the easement blocking the entrance to his property.

Department Updates

During department updates, Altfillisch stated that the payloaders are finally fixed. He discussed the need to have sump pumps running outside now. With all the water we have had it is flooding our sewer plant. Because of the unforeseen repairs to the payloaders, he asked if he should hold off on getting the diesel tank and it was decided to add that to the 2026 budget. Altfillisch said that Kissner will be here this week and fix what Halme didn't finish, then we will forward the bills from them and Duininck's to Halme. Hagstrom asked him about the drainage on the Berg property and he stated that Forest's are working on that. Kottke stated that he saw that there is a grant available for roads, so Fitzgerald said she would do some checking on that.

Flora stated, in her update, that it is budget time and department heads and their respective council members should get their “wish lists” to her soon. There is an elected officials workshop in Pierre and if any of the Council members would like to go, to contact her. She informed the council that there is a benefit for the mother of one of the City’s employees parents and if any of them would like to donate to it, they can contact Patty Rosenau. She also asked for the council’s blessing to let the code enforcement officer move to the next step, since he has already gone over his allotted contracted amount. They did agree to that.

Rusher reported that things are going well at the Golf Club. She said that the Calcutta is this weekend. It was brought to her attention that some people are complaining about big groups not letting smaller groups play through on the course, unfortunately, since we don’t have a course marshall, there isn’t really a way to police that. The council requested that her and her employees remind big groups, that come inside, of proper golf etiquette of letting smaller groups play through.

Motion # 081-2025

Approve Department Updates

Motion by Zemlicka and seconded by Hagstrom to approve department updates. All members voting yes. Motion carried.

Discussion on Resolution# 877 to Charge for CC Use at Golf Club

After being told by Flora that the fees for credit card use at the Golf Club was almost \$9,000 last year and is over \$4,000 currently, it was discussed to pass on the fees to the customers. The council decided that they wanted a little more information on the fee structure before they agreed to do this, therefore, it was tabled until the next meeting.

Motion # 082-2025

Open Container for Potato Days

Motion by Zemlicka and seconded by Dohmann to approve open containers for the street dance on Potato Days, within a four-block radius of the bars. All members voting yes. Motion carried.

Motion # 083-2025

Motion by Hagstrom and seconded by Kottke to approve the bid from William Neale & Co to audit the City’s 2024 books in the amount of \$16,500.00. All members voting yes. Motion carried.

Motion # 084-2025

Free Swim for Potato Days

Motion by Hagstrom and seconded by Kottke to approve free swim on Saturday, August 2nd for Potato Days. All members voting yes. Motion carried.

Review Open Meeting Laws

The council was given a pamphlet (Conducting the Public’s Business in Public) that was put out by the SD Attorney General’s Office in partnership with the SD NewsMedia Association. Flora went through it with them and told them it was a good resource and if they had anymore questions to let her know and she would try to answer them and if she didn’t know the answer she would get the answers for them.

Department Updates

Flora went over the following items in her update: Annual Municipal League Conference in Pierre, will be held from Sept. 30-Oct. 3. Flora, Fitzgerald and Wellnitz will be gone for that; Flora and Fitzgerald informed the council about the Community Forum on September 10th; code enforcement is moving along nicely; reminded the council about talking to their department heads about things they want on the budget and suggestions for salaries for their specific departments, as the first reading of the budget ordinance will be in September; she informed them about the options for election dates, since those have to change for cities beginning in 2026; she informed them that if they haven't already read the Municipal magazine, there are some very good articles in this month's edition, that pertain to them; also, the auditor is here, beginning on August 5th.

Brandon Smid was here, from Helms & Associates. He gave an update on phase I of the water project. He stated that they would have one year for warranty work, he was given some complaints that he said he would check out and he said that this fall the seeding company would be around to reseed the grass that didn't take with the first seeding. He also brought up beginning the foundation work for phase II of the water project. This was just something he thought the Council should think about doing.

Mayor Kline brought up the rough month of July that the police department had. She wanted to make sure the council told them thank you for the great job they have been doing.

Nesheim said that the official pool closing date is August 10th and that it is open only during the day right now.

Discussion on Resolution# 877 to Charge for CC Use at Golf Club

After being told by Flora that the fees for credit card use at the Golf Club was almost \$9,000 last year and is over \$6,000 currently, it was discussed to pass on the fees to the customers. The council decided that they wanted a little more information on the fee structure before they agreed to do this, therefore, it was tabled until the next meeting.

Motion # 097-2025

Adopt Agenda

Motion by Hagstrom and seconded by Zemlicka to adopt the agenda. All members voting yes. Motion carried.

All stood and recited the Pledge of Allegiance.

Public Input

As there was nobody present for public input this item was passed over.

Department Updates

Altfillisch updated the group on the chip sealing that occurred on 9/9/25. He did discuss with Wellnitz the jake break problem. He has been working on the budget with Flora. The City crew have been working on the water tower and making sure everything is working after the lightening struck it; they have been getting Flat Iron Park back in order after the new drainage ditch was put in and the payloador is back up and running again.

Wellnitz told the council that he was working with our office on a water theft ordinance with the city office, because Fitzgerald and Altfillisch found that a resident had bi-passed their meter and was stealing water. There is a state law that prevents it, but at this time, there is no fine associated with that law, once the ordinance is figured out and passed, this will have a large fine associated with it. Wellnitz updated the council on the one-ton truck that was supposed to be replaced a few months ago, but hasn't been yet. He is working on this and may have to get the city attorney involved in it. He also discussed where the new cameras, on City property, will go and why they need replacement. Many of them are old and not working very well, we will be adding some and he would like them all on the same program. He will do the work himself, so the City does not have to pay for the installation.

Rusher said that they have changed to September hours now and they have two more tournaments scheduled this year. They have had a very good year this year.

*Flora told the council that her & Fitzgerald will be going to SD Municipal League Conference from September 30 through October 3rd and Tara Thomas will be subbing for them. She discussed how well the new code enforcement officer is doing. He has about 21 properties in compliance now with 22 still out of compliance; of those 22 most have contacted him and **asked** for more time and a few will be cleaned up by the City crew soon, if they remain noncompliant. Also, Fitzgerald has been busy updating the lead service line inventory.*

Noethlich was present to give an update on Choose Clark County. She has been working on housing development, beautification and revitalization of main street, the future of Clark, grants, community-wide business directory, a community events page and tourism growth.

Motion # 098-2025

Approve Department Updates

Motion by Dohmann and seconded by Kottke to approve department updates. All members voting yes. Motion carried.

Pool Fundraising Update

Cassi Kottke was present to talk about the pool fundraising. They are doing very well. They have raised \$853,000 as of right now. Their alumni campaign went very well and they went over their goal for that. They would like the City's opinion on whether they would break their contract with Burbach and hire a different company that would cost quite a bit less than what Burbach quoted. Fjelland said that he would have to look at the contract stipulations and get back to them with the options on that.

Helen Olson Request for Alley Chip Sealing

Olson read a letter she prepared that requested "some sort of hard surfacing, most likely chip sealing" in the alley between North Utah and North Idaho Streets, due to heavy traffic, mostly because of the school. Altfillisch said that the chip sealing would not last there much longer than a year, is not cost effective when we need so much done to our regular roads and that the equipment would probably not fit down the alley anyway. The council thanked Mrs. Olson for coming with her request, but decided they were not interested in chip sealing any alleys, at this time. Olson also informed them that she was concerned about the south basketball hoop at the swimming pool park.

Motion # 099-2025

WHEREAS, the City of Clark owns and operates the Clark Golf Club;

WHEREAS, the City of Clark accepts credit card payments at the Clark Golf Club;

City Attorney Fjelland read Mayor's policy statement regarding easement alterations on Lot 3 of Heckman's Subdivision to Clark. Summary: Any further alteration of easement, including by addition of gravel or grading of the easement way is prohibited unless authorized in writing by the City. If any alteration of the easement way occurs, the Mayor will recommend to City Council that all gravel be removed and the easement be returned to its original condition consisting of a grass trail. Public Input

As there was nobody present for public input this item was passed over.

Department Updates

Altfillisch reported they are sweeping streets, still having payloasder issues, did the final spray, and are flushing fire hydrants this week. Hagstrom asked if he had found somebody to flow test the hydrants and he said he hasn't been able to find anybody for that yet.

Wellnitz told the council that on Nov. 1st they are going to have Lie Low from the PoPo again this year and that he was appointed by the Governor's office as a member of the SD Public Safety Communications Council. Congratulations Chief Wellnitz!

Rusher said that the last day the clubhouse will be open is Saturday, Oct. 11th. They have a few upcoming events, but otherwise it will be closed

Flora told the council that her & Fitzgerald went to SD Municipal League Conference from September 30 through October 3rd. Just a couple of the things they came back with, from the Elected Officials class, that they attended were: the importance of council members being at council meetings as much as possible (this is very important in being able to converse with the citizens about why the voting went the way it did, and so on); also, if you make a motion it doesn't mean you have to vote for it, you are just putting it on the table for discussion. Fitzgerald will be out of the office from Oct. 13th through the 24th, on sick leave. Flora and Fitzgerald will be going to a grant writing workshop on Nov. 12th.

Dohmann updated the council on the well at the Golf Course. He had to go with a different well company, since the one he originally talked with, will not be able to get it done, as soon as it needs to be. They decided to go with Thein Well. Thein will be able to do the test well this month yet and possibly start digging the well in November. A new fairway mower was discussed and it was decided to postpone the purchase of that until we find out what the well will cost.

Motion # 110-2025

Approve Department Updates

Motion by Hagstrom and seconded by Kottke to approve department updates. All members voting yes. Motion carried.

Discuss Ordinance #524 (Trees on Private Property)

Altfillisch would like to remind property owners that they are responsible for taking care of their own trees. We will publish a summarized version of this ordinance, so everybody is aware of their responsibility, with these trees.

Snow Removal Fees

The council would like square footages, of the businesses, on Altfillisch's list, that regularly pile their snow and expect the City crew to remove the big piles. At the November meeting, the Council will discuss how much to charge these businesses per square foot and they will be billed accordingly.

Motion # 111-2025

Department Updates

***Wellnitz** told the council that Lie Low from the PoPo went very well, again this year with over 50 participants. He let the council know that he has been asked to be a mentor for a senior project and explained what that would entail and some of the plans for that.*

***Rusher** said that there will be a party this Saturday and a Lions party coming up. Other than that they are closed for the season, except by special request.*

***Altfillisch** reported they are sweeping streets, still having payload issues, they are done with Flat Iron Park and have been working on cleaning up the property, at 110 4th Ave NW, that the City now owns.*

***Flora** told the council that Mike Olson (code enforcement officer) would like some direction on how to handle the small businesses that are ignoring his attempts at getting their properties cleaned up. The council stated that they wanted them to be treated just like the private property owners and to follow through with cleanup of their property, if they persist in ignoring his abatement letters and phone calls. She also stated that her and Fitzgerald are going to be working on trying to find a grant to help replace the stucco on the outside of City Hall with siding, as the stucco has already been replaced once and is in bad shape again. She asked for the ok to close the office on Nov. 12th, when both she and Fitzgerald have a grant writing workshop in Aberdeen. Their normal substitute cannot work that day. The Council said that would be fine to be closed. Also, she informed them that another dome on one of the lights in the community*

room fell or was knocked down. She is trying to find somebody to maybe find a replacement dome for the two broken ones, but if she continues to have no luck with that, we may have to look at replacing the lighting in that room.

Nesheim updated the council on the issues that the Clark Community Aquatics group is having with Burbach and where we stand as of now. The council will ask Fjelland to write a letter to Burbach and let them know where the council stands, at this point.
