

# SPORTS YEARBOOKS

We are the only publisher in the world who will publish your organization's sports year in a professionally produced hard cover full colour book free with minimum effort on your part. Our international company has written, designed, marketed and sold millions of dollars of hard cover books since 1995 , while working with non-profit organizations of all kinds.

*We will have a local person from your community take 100's of action shots at your events. The events you wish to have pictures taken at would be up to you. You can also contribute pictures as well as other info for your book.*

- Sponsorship from National and Local businesses would supplement the cost of the books. Your limited free books would be based on this sponsorship. You can sell these books and keep the money. You determine the price. (A minimum of 5 free books will be published with additional free books allotted at 1 book for every \$80 of sponsorship over \$1500.00)
- We would conduct the sponsorship campaign.
- Please contact us if your organization would like to be included.  
**MAXIMUM 1 ORGANIZATION PER SEASON**

Additional books can be purchased. (There is no obligation to do so.)

We will provide you with preorder forms. (pre-ordered books are \$50 plus taxes)
