

Tessellation Pattern Block Lotto – May 2024

To Create this block you need the following:

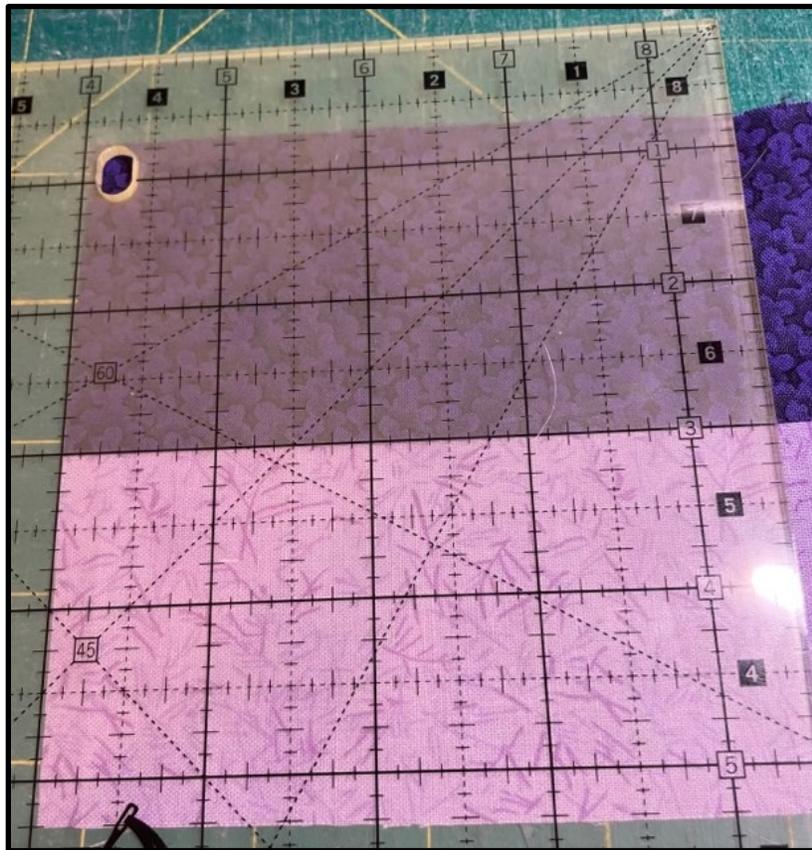

- (1) – 20” by 2.5” foreground rectangle ← Light Color Coordinating Accent – Any Color
- (1) – 20” by 2.5” background rectangle ← Dark Background Strip – Any Color

1. Sew the strips together on one side, using $\frac{1}{4}$ " seam allowance.

2. Iron open towards the dark fabric. Then cut 4.5" squares.

3. Line up the squares with the light fabrics toward the middle of the 4-Patch Block.

- Sew the top and bottom 2 blocks together, using $\frac{1}{4}$ " seam allowance. Iron open towards the flat side.

- Sew together as a normal 4-Patch block. Nesting the center seams to reduce bulk.

When you sew multiple blocks together a secondary pattern with the dark fabric starts to appear.
