

RecoveryWerks!

Changing the world through recovery one **underserved** community at a time

Our Mission:

RecoveryWerks! provides proven recovery support services in a safe and nurturing environment for teens and families in rural communities affected by substance use. We educate, partner with local agencies, and advocate for strong community support systems to reduce the stigma of addiction and increase recovery success.

Our Beliefs:

Recovery works when there is a belief in a Higher Power.

Recovery works when physical, mental and spiritual issues are addressed as a whole.

Recovery works when clients are empowered to break the cycle of addiction and dependency through the 12 steps.

Recovery works in fellowship when clients feel safe and have access to education, counseling, sponsorship, and support groups.

All donations to RecoveryWerks! are tax deductible and have a huge impact in bringing recovery to teens and families in our community.

Happy Anniversary, RecoveryWerks!

March marks RecoveryWerks! 10th anniversary and we're celebrating ten years of hope, healing, and transformation. For the past decade, we've been here for teens, young adults, and families facing the challenges of substance use disorder — offering a safe space to find support, connection, and a path to recovery.

We've had the privilege of serving thousands of individuals through free counseling, peer recovery coaching, educational classes, support groups, and sober social events. No one is ever turned away, because we believe recovery should be accessible to everyone, no matter their circumstances.

What makes this journey possible? It's the generosity of our community partners and individual donors who show up time and again to support this life-changing work. Every contribution helps create moments of breakthrough, healing, and hope.

As we mark this milestone, we're filled with gratitude — for our dedicated staff, passionate volunteers, and most importantly, the brave individuals and families who've trusted us with their recovery journeys.

Here's to the next 10 years of growth, connection, and unwavering support. We're excited to keep walking this path together, one step at a time, toward brighter, healthier futures.

Thank you for making our work possible!

Client Feedback

- I believe that RecoveryWerks! saved me. They pulled me out of my darkest place and showed me the path to sobriety.
- Their al-anon type meetings are fantastic and having professional counsellors and coaches really sets it apart. They have so much experience and wisdom and knowledge for getting through the challenges of a loved one using.
- RecoveryWerks! provides invaluable resources to kids who are struggling with substance use disorder and their families. My family was one of those, and I would've been at a total loss without the support and education I got here.
- I have witnessed first hand how it helps not only adults and teens with addiction issues but teaches their family members how to better help them and deal with addiction issues.
- I don't know how I could manage life without it! My life is forever changed because of RecoveryWerks!.

Community Feedback

- New Braunfels is a stronger community because of this organization's work.
- This is a much needed agency to help teens and families in our community.
- They do amazing work with teens and young adults to help them overcome addictions.
- Great organization. Does exceptional work.
- There is no other program like this in our community.
- This is an outstanding organization that is very effective.
- This is a crucial organization that has a professional, caring staff assisting local teens who are seeking recovery assistance and understanding. This is a SAFE HAVEN.
- RecoveryWerks! service for New Braunfels families is vital to the sobriety and mental health of the children and families in our community. I personally know families who have benefited from their services and have seen the positive impact they have.
