**ADDICTION AND FAMILY PRESERVATION**

Addiction is a disease that shatters not only the life of the individual but also the family unit. With more than 30 million Americans struggling with opioid addiction and other substance use disorders, households and communities face the daunting byproducts of such a deadly epidemic. Of all the byproducts, the most saddening is the dissolution of families and often the neglect, abuse and maltreatment of children whose parents are addicted to drugs. State and Federal policies with a comprehensive focus on prevention, treatment, recovery, family preservation and child protection are critical to this national conversation and action plan.

**WHO SHOULD ATTEND**

This experience is ideal for Executive Directors, Program Directors, Managers, Board Members, Policy Council Members, and any individual.

**LUNCHEON REGISTRATION | $75/person**

The fee for this event is in addition to the conference registration fee. The Public Policy Luncheon is included in registration fees for the Pre-Conference Seminars. FEATURED SPEAKERS | TUESDAY, FEBRUARY 6 - WEDNESDAY, FEBRUARY 7

TUESDAY – FEBRUARY 6, 2018 @ 8:30 a.m. – 10:00 a.m.
Opening Session | Pay It Forward
Debbie Silver, Ed.D., Speaker/Author/Humorist
Dr. Debbie Silver, Melissa, TX

When single acts of good-will are multiplied, the world can be changed for the better. Head Start/Early Head Start professionals pay it forward each day. Dr. Silver utilizes humor, reflective insights, and poignant stories to celebrate those who “go outside the lines” to ensure the best environment for young students and remind us of the importance of our roles in the lives of young children.

TUESDAY – FEBRUARY 6, 2018 @ 3:45 p.m. – 5:00 p.m.
Federal Afternoon Plenary | A Whole Family Approach
Carlis V. Williams, M.A., Southeast Regional Administrator
DHHS/Administration for Children and Families/Region IV, Atlanta, GA

Human services programs and policies frequently focus only on adults, or only on children. This is even true of many programs and policies explicitly aimed at families. A multi-generation or whole family approach to human services is one that focuses on the needs of parents and other adult family members and the needs of children together, and considers the challenges and resources of family members.

WEDNESDAY – FEBRUARY 7, 2018 @ 8:30 a.m. – 10:00 a.m.
Morning Plenary | The Head Start Nation
Yasmina Vinci, MPA, Executive Director
National Head Start Association, Alexandria, VA

Staying united in a polarized world is a challenge only we in Head Start can face successfully. Find out what may we do, can we do, must we do. We are the Head Start nation – united by one mission and leveraging our collective voice.

THURSDAY – FEBRUARY 8, 2018 @ 9:00 a.m. – 10:30 a.m.
Closing Session | Region IV Office of Head Start Updates
Capt. Robert Bialas, Regional Program Manager
DHHS/ACF/Office of Head Start/Region IV, Atlanta, GA

Head Start plays a central role as a beacon of quality for the nation. The Office of Head Start continues to pursue its vision for early care and education with a focus along the entire early learning continuum and initiatives. Join our regional Federal leadership in this session exploring key updates, initiatives and strategies.

Take advantage of educational sessions featuring regional and national experts addressing legislative issues, intervention and prevention strategies, as well as quality initiatives and practices in the following areas: Early Learning & Development, Child Health & Development, Parent, Family & Community Engagement, and Program Design & Management.

Due to overwhelming interest and a high volume of quality proposals, RIVHSA has added an additional training day to the conference week. More than 100 educational sessions will be offered on Monday, Tuesday and Wednesday.

Visit us at www.rivhsa.org for confirmed sessions (subject to change).

EARLY LEARNING & DEVELOPMENT | Children have a variety of needs and strengths. Therefore, it is important to stimulate learning across all domains of development and ensure that all efforts are coordinated and connected. This track focuses on best practices, effective tools, as well as topics ranging from engaging interactions to individualization and assessment to parent involvement to foster early learning, development, and school readiness.

CHILD HEALTH & DEVELOPMENT | Children need to be healthy in order to learn. Head Start’s commitment to wellness embraces a comprehensive vision of health which promotes children’s health, prevent disease and ensure children are on track developmentally. This track focuses on best practices, effective tools, and topics ranging from environmental health and safety to oral health and mental health to nutrition.

PARENTING, FAMILY & COMMUNITY ENGAGEMENT | Families are young children’s first and most important teachers. Programs work with families as equal partners to support children's ongoing development and learning. This work can help families achieve positive outcomes for themselves and their children. This track focuses on the link between family engagement, healthy development, and school readiness. Find strategies and additional resources to support staff and programs in boosting family engagement and parenting practices.

This track focuses on best practices and tools for strategic thinking, planning and evaluation across all management systems.
Each year, RIVHSA’s Annual Training Conference attracts more than 1000 Head Start and Early Head Start attendees. It is this unique gathering of individuals which gives our conference its energy and wide-reach.
