

Community Service

August 2023

Only a life lived for others is a life worthwhile.

- Albert Einstein

-

Greetings ALA members of Arizona,

What is community service? This is work performed by a person or group of people for the benefit and betterment of their community without any form of compensation. This has been a staple in the American Legion Auxiliary for many years. We are committed to helping our veterans and their families as well as the community.

How can you help? During these hot months, volunteer at your local food banks, shelters, libraries, and outreach programs. Visit veterans in nursing homes and the VA hospital. Water is in high demand now and it's essential for our health. Give water bottles to those in need in your community.

Please be safe during these hot months.

Lisa Young

Community Service Chairman 2023 - 2024
