## The Essentials

- Know 2 ways out of every room
- Have a clear path to your exits
- Choose an outside meeting place
- Make sure everyone in your home knows 911

### Make a fire escape plan.

Talk to your family about what you should do if there is a fire. Practice your fire escape plan at least 2 times a year.

## Make It Yours

Nest Protect has a Split-Spectrum Sensor, tests itself automatically and lasts up to a decade. It's also the first home alarm you can hush from your phone without any extra hardware required. And it tells you what's wrong and can even alert your phone.

Meet Nest Protect. The smoke alarm other alarms look up to.

## Customize in Almost No Time

You can get a Wired 120V or a Battery Nest Protect. Download the nest app from your app store and you'll be connected.

Sleep in peace knowing you're protected .....

You're supposed to test smoke alarms monthly. But 9 out of 10 people don't. Nest Protect checks its batteries and sensors over 400 times a day.

## Focus on What You Do Best

## Key Offerings

Don't be shy! Let us check out your batteries in your fire alarms today.

## Nest

Nest is much more than a smoke or fire alarm, they offer much more.

- Thermostats
- Cameras
- Alarm Systems
- Doorbell
