

## ULTIMATE Bull Bar

**Finish Stainless Steel  
Lifetime Warranty**

Westin's Ultimate Bull Bar is a front-end product that brings out the "off-road" personality in your vehicle. It is made of chrome plated stainless steel or black powder coated mild steel and are designed with a tube diameter of 3 inches for larger trucks and SUVs and 2.5 inches for smaller vehicles. The Ultimate Bull Bar includes a polished stainless steel skid plate that helps protect the vehicle's undercarriage and provides classic off-road style. The skid plate also features a laser-cut Westin signature logo. Ultimate Bull Bar applications are bolt-on and come complete with vehicle specific mounting kit.
