POSITIONS AVAILABLE

Sales Representative

At Simon Marketing Group, our sales representatives are an important asset and have played a critical role in growing our sales. We are always seeking outstanding sales representatives with a wide range of backgrounds to help us better serve our customers. Simon Marketing Group offers a unique environment where Sales Representatives are encouraged to pursue new ideas, take responsibility and challenge their abilities. Parking Lot Safety Solutions is on a mission to make our safety products the sales representative's strongest and most profitable line. We invite you to check us out, and contact us to find out more information.

Simon Marketing Group is looking for outgoing, organized and energetic people for business-to-business sales. We seek individuals who are diverse in their ability to market to larger corporations on down to medium-sized businesses along with inexperienced motivated self-starters that are willing to learn. Your expertise along with a strong desire to exceed and the quality parking lot safety products we offer will enable you to sell to a variety of businesses.

Bid Estimator

Simon Marketing Group is looking for a candidate to assist us in reading and responding to both construction and government bids. You should be proficient in reading and understanding structural and architectural drawings and be able to analyze plan documents to determine if our products are needed.

This position would include downloading bid information from various bid agencies, preparing project quote sheets and final bid submittal.

If you are interested in joining our Parking Lot Safety Solutions team, please email your resume to sales@parkinglotsafety.com.
