Let this document hereby constitute filing and notice (pursuant to CRS 31-10- 1207) to the Seventh Judicial District Court Clerk and the Municipal Clerk of the Town of Marble, Colorado, that I, Vincent M. Savage, who reside at 105 East Marble Street in Marble, Colorado, where I am a bona fide registered elector in precinct #3056126002 in the Town of Marble, do hereby contest the as yet unofficial results of that municipality's April 3rd, 2018 election for Mayor and town trustees, as fraudulent owing to wide spread voter fraud caused by false claims of residency by up to 20% of voters who claimed to reside in that voting precinct, when it can be demonstrated that they do not (pursuant to CRS 31-10-1301 & 1308).

I further assert that it is unlawful and request an injunction against any or all presumed elected, April 3rd, 2018, Town Trustee candidates, Mike Yellico, Larry Good, and Max Gibbons being sworn to or assuming those positions of public office until an investigation and court determination is made of the illegitimacy of any or all contestee voters (in person or by absentee) to be listed by contestor as soon as the list (from the municipal clerk) of names of persons who cast ballots in said precinct, and the complete and updated Registered Voters Report for that precinct, including recent and same-day registrations through April 3rd, 2018 (from the Gunnison County Clerk) are available for this contestor's and investigators' inspection. The contents of this 4-9-18 filing and notice supersedes any demands of the previous 4-5-18 document, thus herein vacated.

Affidavit
