If you cannot host your meeting as scheduled, it is your responsibility to get someone to switch with.

Please let Joanne Seiler know at least **2 months** before your scheduled month that **YOU WILL BE HOSTING** the meeting and give the date/time/etc.

April

President's Message

Our hearts are heavy due to the loss of a very important club member, to an illness she fought hard to beat. Wendy Meehan was a long time member, who had held many positions in our club. She was our Newsletter editor, Web master, and Club photographer, as well as being a CTCTI Region 1 Director. She was also very important in several CTCTI conventions that NJORTC ran, by coordinating all the registrations. Wendy's absence will be felt by every member. Our hearts go out to Mike.

Spring is here, unfortunately we cannot enjoy it. As everyone knows by now all activities and club meetings are on hold, with most being canceled. Please be mindful, this virus is no joke and as most of our members are in the highest risk category. Stay home and practice safe social distance.

Thanks go out to George and Suzanne Gayet for hosting the trip to George's daughter and son-in-laws Finding Home Farms maple syrup farm. Beautiful day and well attended. Check out the web site photo page for all the pictures.

Congratulations to Bob and Toni Sabino on their new home.. May it be blessed with love and good health

Please stay well, we will get together soon and have fun again.

Pray for a solution to the COVID 19 virus

Pat LeStrange

Seat belts are not as confining as a wheelchair

March Meeting

Since all meetings and activities for March (except the Maple Syrup outing) were canceled, there is nothing to report

NOTE- anyone who wants a copy of the changes/additions/deletions to the By-Laws contact me and I will send you a copy of them. Changes will be voted at the next meeting Paul.

Finding Homes Farm maple syrup farm

Before the crap hit the fan we made a trip (turns out our last for a while) to a maple syrup farm located in Middletown, NY owned by George Gayet's daughter Laura and her husband Dana.

Remember back in school, we learned about maple syrup farming where the farmer banded a tube in to tree and collected the sap in buckets? You may even had a class trip to check it out. Well, maple syrup isn't done that way (at least in some areas) any more. Like everything else, it has gone high tech. No more buckets. Lines are attached to the trees and the sap flows to a central point to be boiled down to syrup. It takes lot of sap to make syrup -for instance in 2019 2,600 gallons of syrup was produced from 153,000 gallons of sap.

We had a good sized crowd attending. Laura's husband explained the process now, alongside super looking stainless machinery. Very nice operation. After the talk and a quick trip to the maple trees we retired to the main building where ice cream (right Joe?) was available along with a bar to wet your whistle.
. Thanks to George and Suzanne for setting up the outing.

Vice President's Message

Spring has sprung!!! Happy spring to everyone. Everyone has plenty of time on their hands so you can get out in your garage and get your Thunderbirds on the open road. So at least you can take them for a ride.

Due to this Coronavirus, unfortunately everything is being cancelled, i.e., our monthly meetings till further notice, our visit to Harold's Deli, our yearly tune-up clinic, most likely our spring cruise. Some of our Snow Birds are starting to come home. Welcome back.

Congratulations to Ray and Jayne Braun on the birth of their new granddaughter.

Congratulations to Bob and Toni on the purchase of their new home.

Let's have a moment of silence for Wendy Meehan. She is finally at peace. She fought a hard battle. She was a great lady and a fantastic member of our Club. She will be missed. May she Rest In Peace. Mike our prayers go out to you.

Joanne is doing good. She just received two pints of blood. She is off chemo and on other meds and so far so good. You know our prayers are always with you. Dorothy and Phil are doing good. Carman Ramos has had the flu for a couple of weeks. I think she has been tested for the Coronavirus and tested negative. Hope she is feeling better. Tom Mirro had shoulder surgery, hope his recovery is going good. Pat Selby had internal surgery in January, which she just told me about. She is still recovering, but each day feeling better. Hope everyone else is staying healthy.

I understand from Joanne that our Spring online clothing sale was good. We had quite a few orders.

Pat has updated web page with all new pictures make sure you log in to see his great work.

There really isn't much to say in this newsletter cause we cannot go anywhere or do anything. PLEASE EVERYONE do as we are told stay in, try not to interact with anybody, if you do stay six feet away from

Vice President's Message (cont'd)

them. If you go out wear gloves and mask. I know my kids have me and Joe on lock down. This is very serious and if we like it or not we are Seniors and have to take care of ourselves. Please stay well. Let's pray this virus goes out as fast as it came in.

Joanne will keep us updated on when we can get back to meetings and activities.

Happy Easter to all.

Stay well, Arlene

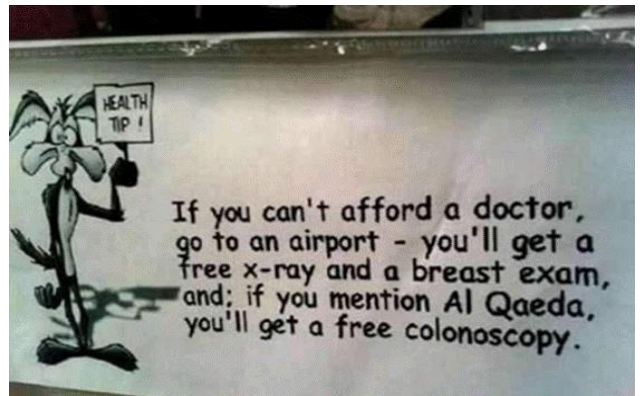

I want your input. Please send any items to be included by the middle of the month if possible. Email is best, snail mail ok

Swedes are Tough

Yesterday we drove the Tbird on a vinter-rally, drove 200 Miles. One pictures we are on ice road over a very big river. It was nine stops with different questions and activities. No good result. Best Regards Gunilla and Par

Join CTCI now if you haven't yet. The Early Bird magazine alone is worth the dues

Congratulations to Tom Mirro - his car was invited to the Ford National in Carlisle as a Featured Car
Also Ford Racing's is going to do a photo shoot and story on the car

carshow at local CA Ford dealer - date unknown but looks like 1957

Point to Ponder

Why are you in a movie, but you're ON TV?
