Hydrant Flushing 2022

Pardeeville Utilities Water Department will be flushing water mains during the weeks of May 10th – 14th and from October 4th – 8th. This flushing will be done during the day from 7:30 AM to 3:30 PM to maximize the results of our flushing program. Some discoloration of the water might be noticed.

The Utility recommends that residents run water from the cold water tap and flush toilets until the discoloration disappears.

Utility bills are due the 20th each month or the next business day if the 20th falls on a weekend.
