ABOUT US

GoodNews Media Works LLC (dba Grants Works) specializes in federal grant compliance and provides a range of grant-related services for national and global clients.

Grants Works' services include government grant administration, federal grants management training, fiscal compliance reviews, grant reporting, site visit readiness, site visit reports, grant writing, application management, and award closeout guidance.

Grants Works also provides management consulting on a range of grant compliance matters including passthrough entity requirements, subawards, subrecipient monitoring, corrective action plans, cost allowability, organizational policy development, and compliance with 2 CFR 200 and other regulations.

Grants Works' founder and managing principal has over 13 years of experience managing primary and subawards from 17 local, state and federal government agencies and subagencies.

DIFFERENTIATORS

Proactive. Knowledgeable. Adaptable. Prepared.

Our approach is based on years of direct experience managing government grants for institutions of higher education and large and small nonprofit organizations. In addition, our expertise is informed by our founder and managing principal's experience as a federal employee where she oversaw grantees' progress reports, coordinated reverse site visits, and served as a primary contact with Small Business Innovation Research grantees.

Our team has expertise in each area of the grant lifecycle.

We have managed federal awards and subawards from the **Corporation for National and Community Service, National Science Foundation, and U.S. Departments of Agriculture, Health and Human Services, Housing and Urban Development, Interior, Justice, and Agency for International Development.** We have also managed grants from the City of Atlanta, DeKalb and Fulton counties, King County, WA, and Georgia Department of Community Affairs.

CORE COMPETENCIES

Government Grant Management Training

- ◆ Agency-specific grant management curricula
- ◆ Integration of key adult learning theories
- ◆ Instructional design best practices
- ◆ 508 compliant training resources
- ◆ Instructor-led or on-demand training delivery methods

Government Grant Administration

- ◆ Solicitation feasibility analyses
- ◆ Application management and submission
- ◆ Budget development and oversight
- ◆ Post-award compliance plans
- ◆ Financial and program reports

Subrecipient Management and Monitoring

- ◆ Passthrough entity requirements
- ◆ Flow-down requirements
- ◆ Subrecipient monitoring plans
- ◆ Corrective action plans

Site Visit Readiness

- ◆ Assessment of compliance status
- ◆ Interdepartmental collaboration
- ◆ On-call, post-visit consultations

PREVIOUS / CURRENT PROJECTS

CDC Foundation

Development of 508 compliant, multi-module, dual-language, on-demand federal grants management training series and training reference guide

DSFederal Inc.

Conduct site visits and fiscal monitoring of state agencies that receive federal financial assistance. Prepare extensive site visit reports that outline any noncompliance and related findings, reference relevant federal regulations and award terms, and detail recommendations for improvement
